PATENT SECURITY AGREEMENT

THIS PATENT SECURITY AGREEMENT, dated as of June 1, 2017, is made by ALERT LOGIC, INC., a Delaware Corporation (the "Grantor"), in favor of PACIFIC WESTERN BANK, as agent (in such capacity, together with its successors and permitted assigns, "Agent") for the Lenders (as defined in the Credit Agreement referred to below).

W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement, dated as of June 1, 2017 (including all annexes, exhibits and schedules thereto, as from time to time amended, restated, supplemented or otherwise modified and in effect, the "Credit Agreement"), by and among Grantor, the other Credit Parties party thereto, the financial institutions from time to time parties thereto as Lenders thereunder, and Agent, as administrative agent for the Lenders and L/C Issuer, the Lenders have severally agreed to make extensions of credit to the Grantor upon the terms and subject to the conditions set forth therein; and

WHEREAS, the Grantor is party to a Security Agreement of even date herewith in favor of Agent (as the same may be amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), pursuant to which the Grantor is required to execute and deliver this Patent Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Lenders and Agent to enter into the Credit Agreement and to induce the Lenders to make their respective extensions of credit to the Grantor thereunder, the Grantor hereby agrees as follows:

Section 1. Defined Terms. Capitalized terms used herein without definition are used as defined in the Security Agreement.

Section 2. Grant of Security Interest in Patent Collateral. The Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations, hereby mortgages, pledges and hypothecates to Agent for the benefit of the Lender Parties, and grants to Agent for the benefit of the Lender Parties a Lien on and security interest in, all of its right, title and interest in, to and under the following Collateral of the Grantor (the "Patent Collateral");

(a) all of its Patents included in the Collateral, including, without limitation, those referred to on Schedule 1 hereto;

(b) all reissues, reexaminations, continuations, continuations-in-part, divisionals, renewals and extensions of the foregoing; and

(c) all income, royalties, proceeds and liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, violation or other impairment thereof.

Section 3. Security Agreement. The security interest granted pursuant to this Patent Security Agreement is granted in conjunction with the security interest granted to Agent pursuant to the Security Agreement and the Grantor hereby acknowledges and agrees that the rights and remedies of Agent with respect to the security interest in the Patent Collateral made and granted hereby are more fully

set forth in the Security Agreement. In the event of a conflict between the provisions of this Patent Security Agreement and the Security Agreement, the Security Agreement shall control.

Section 4. Grantor Remains Liable. The Grantor hereby agrees that, anything herein to the contrary notwithstanding, the Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with their Patents and Patent Licenses subject to a security interest hereunder.

Section 5. Termination. This Patent Agreement shall terminate and the Lien on and security interest in the Patents shall be released upon the Payment in Full of all Obligations under the Loan Documents (other than Unasserted Obligations). Upon the termination of this Patent Security Agreement, the Agent shall execute all documents, make all filings, take all other actions reasonably requested by the Grantors to evidence and record the release of the Lien on and security interests in the Patents granted herein

Section 6. Counterparts. This Patent Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

Section 7. Governing Law. This Patent Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the Grantor has caused this Patent Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.

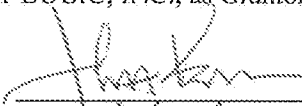

Very truly yours,

ALERT LOGIC, INC., as Grantor
