ASSIGNMENT

WHEREAS, we, John A. Browse, of Palouse, County of Whitman, State of Washington, James G. Wallis, of Moscow, County of Latah, State of Idaho, and Jennifer L. Watts, of Moscow, County of Latah, State of Idaho, have invented a certain invention, entitled DESATURASES AND METHODS OF USING THEM FOR SYNTHESIS OF POLYUNSATURATED FATTY ACIDS, for which the following patent applications have been filed:

U.S. Provisional Application No. 60/111,301 filed on December 7, 1998; and International Patent Application No. PCT/US99/28655 filed on December 6, 1999; and U.S. Patent Application No. 09/857,583 filed on June 5, 2001;

hereinafter referred to as "the patent applications."

WHEREAS, Washington State University Research Foundation, having a place of business at 1610 NE Eastgate Blvd., Pullman, Washington 99163, desires to acquire an interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we, John A. Browse, James G. Wallis, and Jennifer L. Watts, hereby sell, assign and transfer to Washington State University Research Foundation, the full and exclusive right, title and interest in and to said patent applications and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute International Applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said applications and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by Washington State University Research Foundation, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by us had this assignment and sale not been made, and covenant that we have full right so to do, and agree that we will communicate to Washington State University Research Foundation, or its successors and assigns, any facts known to us respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, and do everything possible to aid Washington State University Research Foundation, its

successors and assigns to obtain and enforce proper patent protection for the invention encompassed in the patent applications in this or any foreign country.

We hereby grant the law firm of Klarquist Sparkman, LLP, the power to insert on this Assignment any further information which may be necessary or desirable in order to comply with all applicable legal requirements, including the rules of the United States Patent and Trademark Office, for submitting and recording this document.
