## ASSIGNMENT

We, The University of British Columbia, whose full address is University-Industry Liaison Office, 103-6190 Agronomy Road, Vancouver, BC, V6T 1Z3, for good and valuable consideration, the receipt and sufficiency of which is acknowledged, do hereby sell, transfer and assign to Huawei Technologies Canada Co., Ltd. (the "Assignee"), whose full post office address is 303 Terry Fox Drive, Suite 400, Kanata, Ontario, Canada K2K 3J1, all our interest in our inventions and developments relating to "SYSTEM AND METHOD FOR FASTER-THAN-NYQUIST (FTN) TRANSMISSION", including the inventions and developments disclosed in United States Patent Application Serial No. 62/322,078, filed April 13, 2016, and We grant to the Assignee all right, title and interest in any and all intellectual property therein, including any and all patents or applications (including reissues, divisions, renewals or extensions of such patents) or utility models, in any country, together with the right to claim priority to any such applications. We covenant that We have full right to convey the entire interest herein assigned, and that We have not executed and will not execute any agreement in conflict herewith.

We agree to do any act required to aid the Assignee, its successors, assigns, nominees and legal representatives to obtain and enforce title and proper legal protection for said inventions and developments, in any country. We covenant that We will, each time request is made and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect title to said inventions and developments, in the Assignee, its successors, assigns, nominees or legal representatives. We agree to communicate to the Assignee, or its nominees, all facts respecting said inventions and developments, to testify in any legal proceedings, to sign all lawful papers, to execute all disclaimers and divisional, continuing, reissue and foreign applications, to make all oaths, and generally to do everything possible to aid the Assignee, its successors, assigns, nominees and legal representatives to obtain and enforce for its own benefit, proper patent or other intellectual property protection for said inventions and developments, in any and all countries, all at the expense, however, of the Assignee or its successors, assigns, nominees or legal representatives;
