THIS DEED OF CONFIRMATORY ASSIGNMENT is made the 26th day of July 2012 (the "Confirmatory Assignment")

**BETWEEN:**

- (1) **ACTIVCARD IRELAND LIMITED** whose registered office is situated at 53 Merrion Square South, Dublin 2, Ireland (with registration number 348237) (the "Transferor"); and
- (2) **ACTIVIDENTITY, INC** whose registered office is situated at 6623 Dumbarton Circle Fremont, CA 94555, United States (the "Transferee").

**WHEREAS:**

- A. The Transferee has been responsible for the development of certain Intellectual Property (as defined herein) which has been developed outside of Ireland.
- B. The Transferee has at all times retained full economic and beneficial ownership of the Intellectual Property developed by it to date.
- C. During the period from 2 June 2001 to 2 June 2011 certain assets, including certain patents, were registered in the name of the Transferor, although such patents were at all times held on trust for the Transferee as beneficial owner.
- D. The Transferor now wishes to transfer legal title to the Intellectual Property registered in its name to the beneficial owner of the Intellectual Property, the Transferee.
- E. The Transferee and the Transferor now wish to enter into this Confirmatory Assignment in order to transfer the Transferor's legal title to the Intellectual Property to the Transferee.

**NOW IT IS HEREBY AGREED AS FOLLOWS:**

**1 Interpretation**

- 1.1 In this Confirmatory Assignment, unless the context otherwise requires or unless otherwise specified, the following terms shall have the following meanings:

**"Intellectual Property"**

means the Patents and any and all related discoveries, improvements, inventions, know-how, trade secrets, concepts, ideas, patents, trademarks, service marks, common-law rights, registered designs, formulas, drawings, utility models, design rights, industrial design rights, design patents, trade dress, copyrights (including all copyrights in software in any code), original works of authorship, moral rights, database rights, trade secrets and other confidential information, cryptographic keys, technical information, technology, know-how, business ideas, business processes, business or trade names, domain names, inbound and outbound licenses, goodwill and all other Intellectual property and rights of a similar or corresponding nature in any part of the world, whether registered or not, or capable of registration or not, and including all priorities registrations, applications

and renewals thereto and thereof, and the right to apply for any of the foregoing rights, but does not include the Intellectual Property Rights transferred to the Transferor from DEW Engineering and Development Limited pursuant to the Purchase Agreement between the Transferor, DEW Engineering and Development Limited, Wallace Roueche and Claire Bennett-Roueche dated 29 October 2001

**"Patents"**

means the patents and patent applications particulars of which are set out in the Schedule hereto.

**2 Transfer of Intellectual Property**

- 2.1 The parties hereto acknowledge and agree that it was always the intention of the Transferee and the Transferor that the beneficial ownership of the Intellectual Property would remain with the Transferee. The Transferee has been responsible for the development of all Intellectual Property developed and related costs, including without limitation, filing fees and costs relating to the protection of the Intellectual Property. The Transferee has also collected and received all royalties relating to the Intellectual Property.
- 2.2 In consideration of the entry into this Confirmatory Assignment and the payment of one euro (€1) (the sufficiency of which the Transferor hereby acknowledges), the Transferor as legal owner hereby assigns to the Transferee, its successors and assigns, free from all liens charges and encumbrances, its right, title and interest in and to the Intellectual Property, including all treaty, convention, statutory and common law rights (including priority rights), together with all rights of action and remedies in relation to any infringements which may have occurred before the date of this Confirmatory Assignment (whether past, present or future) of the Intellectual Property, in perpetuity to hold the same unto the Transferee, its successor and assigns absolutely.
- 2.3 The Transferor as legal owner hereby assigns to the Transferee, its successors and assigns, free from all liens, charges and encumbrances, in so far as same may be unwritten or not created at the date hereof, all right, interest and title in and to the Intellectual Property in the future created, including all treaty, convention, statutory and common law rights (including priority rights) to which it is now or may be entitled, together with all rights of action and remedies in relation to any infringements in respect thereof, in perpetuity to hold the same unto the Transferee, its successor and assigns absolutely.
- 2.4 The Transferor irrevocably appoints the Transferee or its nominee to be its attorney to execute and sign as its act and deed in the name and on behalf of it all documents that the Transferee may consider necessary for the perfection of the pledge hereby evidenced.
- 2.5 The Transferor irrevocably and unconditionally waives any rights, including all rights in the nature of moral rights, it may have in respect of the Intellectual Property, to which it is now or may in the future be entitled, to the extent it is legally able to do so.
- 2.6 The Transferor undertakes at the request of the Transferee at any time in the future, and at the Transferee's expense, to execute all such documents, make such applications, give such assistance and do all acts and things as may in the opinion of the Transferee be necessary or desirable to:
- 2.6.1 transfer all right, title and interest in and to the Intellectual Property to the Transferee;
- 2.6.2 vest legal ownership in and to the Intellectual Property to the Transferee;

2.6.3 register any and all of the Intellectual Property (including, without limitation, to obtain letters patent) in the name of the Transferee and otherwise to protect and maintain the Intellectual Property; and

2.6.4 otherwise to give effect to the provisions of this Confirmatory Assignment.

2.7 To the extent that by law any Intellectual Property or the rights therein do not, or are not permitted to, or cannot vest in or belong to the Transferee, the Transferor agrees to offer the Transferee a right of first refusal to acquire the same on arm's length terms to be agreed between the parties, and in the absence of agreement within 30 days of such offer to be decided upon by an arbitrator to be appointed by the President for the time being of the Incorporated Law Society of Ireland (whose decision shall be final and binding on the parties, and whose costs shall be borne equally to the parties).

### **3 Warranties**

3.1 The Transferor hereby warrants to the Transferee that:

3.1.1 it is the full legal owner of the Intellectual Property, and has not granted a licence of the Intellectual Property to any party prior to the date of this Confirmatory Assignment;

3.1.2 it has not caused the Intellectual Property to become encumbered or subject to any liens, mortgages, charges or debentures; and

3.1.3 it has not received any written notice of any claim, nor to its knowledge there is any threatened claim, in relation to the Intellectual Property.

### **4 Confidentiality**

The Transferor acknowledges that all Intellectual Property and other information supplied by the Transferee to the Transferor in respect of the Intellectual Property is highly confidential, a valuable commercial asset and the exclusive property of the Transferee and that any misuse of such Intellectual Property by the Transferor might seriously prejudice the Transferee. Consequently the Transferor agrees that, in consideration of the Transferee having provided the Transferor with this information, the Transferor will keep any and all Intellectual Property and other confidential information of the Transferee secret, and not at any time for any reason, without the prior written consent of the Transferee, use, communicate, reveal or cause any unauthorised disclosure, whether through any failure to exercise all due care and diligence or otherwise, to any person and, if the Transferee considers it necessary, shall enter into a formal confidentiality agreement in relation to this information. The Transferor further confirms that it has kept this information confidential to date.

### **5 Governing Law**

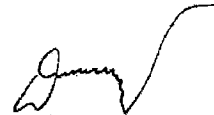

This Confirmatory Assignment shall be governed by and construed in accordance with the laws of Ireland.

### **6 Certificates**

It is hereby certified that this instrument is a conveyance or transfer on any occasion, not being a sale or mortgage.

IN WITNESS WHEREOF, the parties hereto have executed this Confirmatory Assignment by their duly authorised representatives, effective as of the date first set forth above.
