ASSIGNMENT OF PATENT

This Patent Assignment is dated as of May 26, 2017, (this "Patent Assignment"), by and among Insightra Medical, Inc. a Delaware corporation ("Assignor"), and Giuseppe Amato ("Assignee").

WHEREAS, Assignee desires to acquire all of Assignors' ownership right, title and interest in and to the patents and patent applications identified in attached Exhibit A (the "ProFlor Patents"); and

WHEREAS, the Assignor and Assignee are parties to the Settlement Agreement and the License Agreement dated as of April 2017 (the "Agreements") pursuant to which Assignor has agreed to make Assignee the owner of the ProFlor Patents and Assignee has agreed to grant a patent license to Assignor.

NOW, THEREFORE, in consideration and for promises and covenants set forth in the Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged,

1. Assignor does hereby sell, convey, assign, transfer and set over unto Assignee, and Assignee does hereby accept, all of Assignor's ownership rights, title and interest in and to the ProFlor Patents, together with all reissues, continuations, continuations in part, divisions and reexaminations, revisions, extensions, thereof, and all convention and treaty rights, in the United States and all other countries.

2. Assignor hereby agrees, at any time or from time to time, in accordance with the Agreement and upon request of Assignee, to do, execute, acknowledge and deliver, any and all further acts and deeds, assignments, instruments of transfer or conveyance, registrations or other documents as may be necessary and proper to vest all ownership right, title and interest in and to the ProFlor Patents in Assignee and its successors and assigns.

3. This Patent Assignment is made pursuant to the Agreements and does not confer any different, additional or inconsistent rights, duties or obligations from the terms of the Agreement. In the event of a conflict, the terms of the Agreements shall control.

4. This Patent Assignment may not be amended or modified except by a written instrument signed on behalf of the parties hereto.

5. The above Recitals are hereby incorporated herein and made a part of this Patent Assignment.

6. Nothing expressed or implied herein is intended, or shall be construed, to confer upon or give any person other than the parties hereto and their respective successors and assigns any rights or remedies under or by reason of this Patent Assignment.

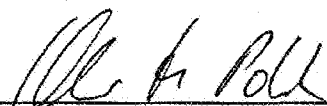

7. This Patent Assignment may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement and instrument.

8. This Patent Assignment shall be governed by and construed and enforced in accordance with the laws of the State of New York, notwithstanding the choice of law rules in any jurisdiction.

9. This Patent Assignment may be filed and recorded among the records of the United States Patent and Trademark Office.

IN WITNESS WHEREOF, the parties have has caused this instrument to be executed by their respective duly authorized officers as of the date first above written.
