**ASSIGNMENT**

The Fundación Tekniker (referred to hereinafter as TEKNIKER) of 20600 Eibar, Gipuzkoa (Spain), is an assignee to the invention SYNERGISTIC MIXTURES OF IONIC LIQUIDS WITH OTHER IONIC LIQUIDS AND/ OR WITH ASHLESS THIOPHOSPHATES FOR ANTIWEAR AND/OR FRICTION REDUCTION APPLICATIONS. This is an Assignment of the following rights, title and interest (check all that apply):

- ☒ United States of America rights, title and interest in the invention
- ☒ Foreign rights, title and interest in the invention
- ☐ An application to the Commissioner for Patents of the United States of America filed herewith
- ☒ United States Provisional Patent Application Serial No. 61/643,681 filed on May 07, 2012
- ☒ United States Patent Application Serial No. 13/889,037 filed on 5/7/2013
- ☐ United States Patent No(s).
- ☒ International (PCT) Patent Application Serial No. PCT/US13/39950 filed on 5/7/2013
- ☐ Other (specify):

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, TEKNIKER, the undersigned, have voluntarily sold, assigned, and transferred and do voluntarily sell, assign, and transfer to BOARD OF REGENTS, UNIVERSITY OF TEXAS SYSTEM (referred to hereinafter as U.T SYSTEM), and successors and assigns, our full and exclusive right, title and interest in and to the invention(s) disclosed in said application throughout the world, including the United States and its territorial possessions and in all foreign countries, including all rights to claim priority, in and to any and all improvements which are disclosed in said application. This includes an assignment of all Letters Patent that may be granted on the invention in the United States of America and all countries throughout the world, and any divisional, renewal, continuation in whole or in part, substitution, conversion, reexamination, reissue, prolongation or extension thereof; and the right to claim priority from the patent application as provided for by United States law, the Patent Cooperation Treaty, the European Patent Convention, the Paris Convention, or other applicable law.

TEKNIKER have authorized U.T SYSTEM to file and prosecute this patent application, as well as any corresponding international or national applications that claim priority from it. U.T SYSTEM has the right to select attorneys or agents of its choice to prosecute at its discretion these applications on its behalf. TEKNIKER authorize and request the issuance of said Letters Patent to U.T SYSTEM, as assignee of the entire right, title, and interest to be held as fully and entirely as the same would have been held by us had this assignment not been made.

TEKNIKER warrant that there are no outstanding assignments, grants, liens, encumbrances, or agreements either written, oral, or implied that will impair, diminish, limit, or abridge the interest herein conveyed at the time of the execution of the present assignment. TEKNIKER shall not communicate nor cooperate in any manner with any third party, other than U.T SYSTEM, that claims any rights in and to said invention(s) and said application.

TEKNIKER also hereby assign all rights, title and interest to any improvements related to said invention(s) to U.T SYSTEM and agree to promptly and fully communicate to U.T SYSTEM

any facts and information known to us respecting any improvements related to said invention(s) and said application while any patent application anywhere in the world is still pending that claims priority, whether directly or indirectly, from said invention(s) or said application(s). TEKNIKER will maintain any such facts and information in confidence and will only reveal such facts and information to U.T SYSTEM or its assigns.

TEKNIKER also covenant that we will communicate to U.T SYSTEM, its representatives, assigns or agents, any facts known to us respecting said invention(s) or said application(s), and to testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, provide all requested documents, and do everything reasonably possible to aid U.T SYSTEM and its assigns to obtain and enforce proper patent protection for said invention(s) or said application(s) in the United States or any foreign country. These provisions are binding upon our heirs, legal representatives, administrators and assigns.

TEKNIKER grant U.T SYSTEM, the power to insert on this Assignment any further information that may be necessary or desirable in order to comply with all applicable legal requirements, including the rules of the United States Patent and Trademark Office, for submitting and recording this document.

IN TESTIMONY WHEREOF, Assignors have signed their names on the dates indicated.

Dated: 2017/ May / 3<sup>th</sup>
