Therefore, Assignor confirms that he has sold, assigned, and transferred, and by these presents hereby sells, assigns, and transfers, to CymaBay, its successors and assigns, the full and exclusive right, title and interest for the United States, its territories and possessions, and all foreign countries in and to this invention relating to:

Treatment of intrahepatic cholestatic diseases

as set forth in US Application No. 15/496875, filed 25 April 2017, as well as in and to (a) all improvements and modifications of the above-identified invention or inventions, (b) the above-identified application and all other applications for Letters Patent of the United States and countries foreign thereto for above-identified invention or inventions and all improvements and modifications thereof, (c) all Letters Patent which may issue from said applications in the United States and countries foreign thereto, (d) all divisions, continuations, reissues, and extensions of said applications and Letters Patent, and (e) the right to claim for any of said applications the full benefits and priority rights under the International Convention and any other international agreement to which the United States adheres; such right, title, and interest to be held and enjoyed by CymaBay, its successors and assigns, to the full end of the term or terms for which any and all such Letters Patent may be granted as fully and entirely as would have been held and enjoyed by Assignor had this Assignment not been made.

Assignor hereby authorizes CymaBay to file patent applications in any or all countries on the above-identified invention or inventions in the name of the undersigned or in the name of CymaBay or otherwise as CymaBay may deem advisable under the International Convention or otherwise.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue said Letters Patent to CymaBay as assignee of the entire interest, for the sole use and benefit of CymaBay, its successors and assigns.

Assignor hereby agrees (a) to communicate to CymaBay, its successors and assigns, or their representative or agents, all facts and information known or available to Assignor respecting said invention or inventions, improvements, and modifications including evidence for interference, reexamination, reissue, opposition, revocation, extension, or infringement purposes or other legal, judicial, or administrative proceedings, whenever requested by CymaBay; (b) to testify in person or by affidavit as required by CymaBay, its successors and assigns, in any such proceeding in the United States or a country foreign thereto; (c) to execute and deliver, upon request by CymaBay, all lawful papers including, but not limited to, original, divisional, continuation, and reissue applications, renewals, assignments, powers of attorney, oaths,

Assignor hereby represents and warrants that Assignor has the full and unencumbered right to sell, assign, and transfer the interests sold, assigned, and transferred herein, and that Assignor has not executed and will not execute any document or instrument in conflict herewith.

Assignor understands and agrees that the attorneys and agents of the law firm of **Hamilton, DeSanctis & Cha LLP** do not personally represent Assignor or Assignor's legal interests, but instead represent the interests of CymaBay; since said attorneys and agents cannot provide legal advice to Assignor with respect to this Assignment, Assignor acknowledges its right to seek its own independent legal counsel.
