PATENT ASSIGNMENT

WHEREAS, Masco Corporation of Indiana, an Indiana corporation having a place of business in Indianapolis, Indiana ("Assignor") is the owner of the pending patent applications and granted patents identified in Attachment A hereto along with any corresponding re-issues, foreign patents, divisionals, continuations, continuations-in-part and the inventions disclosed and claimed therein ("the Property"); and

WHEREAS, Delta Faucet Company, an Indiana corporation having a place of business in Indianapolis, Indiana ("Assignee") is desirous of acquiring the entire right, title and interest in and to the Property.

NOW THEREFORE, for and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee, absolutely and forever, the entire right, title and interest in and to the Property throughout the world together with all causes of action for any and all previously occurring infringements of the rights being assigned and the right to receive and retain the proceeds relating to and arising out of those infringements, the same to be held and enjoyed by Assignee for its own use, and for the use of its successors, assigns or other legal representatives for which the Property has been granted, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

Assignor agrees to execute any further papers and to do such other acts as may be necessary and proper to vest full title in and to the Property in Assignee.

IN WITNESS WHEREOF, Assignors have caused this Assignment to be effective as of the 1st day of January, 2015.
