**INTELLECTUAL PROPERTY
CONTRIBUTION AND ASSIGNMENT AGREEMENT**

This INTELLECTUAL PROPERTY CONTRIBUTION AND ASSIGNMENT AGREEMENT (this "Agreement") is effective as of December 31, 2012, by and among CardioNet, Inc., a Delaware corporation ("CardioNet") and Braemar Manufacturing, LLC, a Delaware limited liability company ("Braemar").

WHEREAS, CardioNet currently owns 100% of the outstanding limited liability company interests of Braemar;

WHEREAS, CardioNet desires to contribute and assign all of its right title and interest in and to the intellectual property assets set forth on Schedule A attached hereto (the "Contributed IP") to Braemar (the "Contribution"); and

WHEREAS, Braemar desires to accept the Contribution.

NOW, THEREFORE, the undersigned, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, do hereby agree as follows:

1. Contribution. CardioNet hereby contributes and assigns all of its right, title and interest in and to the Contributed IP, including specifically, but without limitation, (i) any patent applications and inventions set forth in Schedule A; (ii) any registered and pending trademark applications and registrations, common law trademarks and service marks set forth in Schedule A together with the ongoing and existing business and goodwill associated therewith; and (iii) any copyrights, copyright registrations, and copyrightable subject matter set forth in Schedule A, and any registrations and applications therefor, any renewals and extension of the registrations and all other corresponding rights that are of may be secured under the laws of the United States, its territories and possessions, and all foreign countries, now or hereafter in effect, for Braemar's own use and enjoyment, and for the use and enjoyment of Braemar's successors, assigns or other legal representatives, at least as fully and entirely as the same would have been held and enjoyed by CardioNet if this Contribution had not been made, together with any income, royalties or payments due or payable as of the date hereof or thereafter which come into the possession of CardioNet, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Contributed IP, with the right to sue for and collect the same for Braemar's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

2. USPTO Assignment. CardioNet hereby requests the Commissioner of Patents and Trademarks and the Register of Copyrights to record, as applicable, Braemar as the assignee and owner of the Contributed IP as set forth on Schedule A.

3. Future Cooperation. Each of the parties hereto agrees to cooperate at all times from and after the date hereof with respect to all of the matters described herein, and to execute such other documents and take all such other action as may be reasonably requested for the purpose of giving effect to, or evidencing or giving notice of, the transactions contemplated by this Agreement.

4. Binding Effect; Amendments. This Agreement is being executed by Braemar and CardioNet and shall be binding upon each of Braemar and CardioNet, their respective successors and assigns, for the respective uses and purposes herein set forth and referred to, and shall be effective as of the date hereof. No amendment to this Agreement shall be binding upon any party unless it is in writing and signed by all of the parties hereto. This Agreement supersedes any prior agreements between the parties concerning the subject matter herein.

5. Assignment. No party may assign any of its right or delegate any of its duties under this Agreement without first obtaining the written consent of the other parties hereto.

6. Execution in Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same instrument. The parties agree that the delivery of this Agreement may be effected by means of an exchange of facsimile or electronically transferred signatures.

7. Governing Law. This Agreement shall be governed by and interpreted and enforced in accordance with the laws of the State of Delaware, without giving effect to any choice of law or conflict of laws rules or provisions (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.
