PATENT ASSIGNMENT

WHEREAS, Entrepix Medical, LLC, a Delaware limited liability company, having a principal place of business located at 4717 East Hilton Avenue, Suite 200, Phoenix, Arizona 85034 (referred to herein as, the "ASSIGNEE") is desirous of acquiring the patents listed in Schedule A (the "PATENTS");

AND WHEREAS, CSK Medical Supply, LLC, a Georgia limited liability company, having a principal place of business located at 18 Delegal Road, Savannah, Georgia, 31411 (referred to herein as the "ASSIGNOR") desires to transfer all right, title and interest in, to, and under the PATENTS to ASSIGNEE;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, ASSIGNOR does hereby irrevocably assign, transfer, set over, convey, and deliver to and will irrevocably assign, transfer, set over, convey, and deliver to ASSIGNEE, its successors and assigns, all right, title, and interest in, to, and under any and all subject matter disclosed and/or claimed in the PATENTS; in, to, and under the PATENTS and any and all utility, design, provisional, non-provisional, continuation, continuation-in-part, continued prosecution, request-for-continued-examination, and divisional applications thereof; in, to, and under, ASSIGNOR's exclusive right to make and prosecute any and all applications for patents, reissues, renewals, and extensions thereof; and in, to, and under any and all patents and Convention and Treaty rights of all kinds, in the United States of America and all other countries throughout the world, for all such subject matter; in, to, and under any and all know-how and/or confidential, proprietary, and/or trade secret information relating to any such subject matter, applications, patents, and/or technology; in, to, and under the right to sue for present, past, and future infringement or misappropriation relating to any such subject matter, applications, patents, and/or technology; in, to, and under the right to enforce any rights and file any causes of action, in law and/or equity, relating to any such subject matter, applications, patents, and/or technology; and in, to, and under the right to all income, royalties, fees, damages, and payments now or hereafter due or payable in respect to any such subject matter, applications, patents, and/or technology. The right, title, and interest is and shall be held and enjoyed by ASSIGNEE and its successors and assigns as fully and exclusively as it would have been held and enjoyed by ASSIGNOR had this assignment not been made. ASSIGNOR requests the applicable official having authority to issue patents and/or corresponding rights to issue same on the subject matter of said invention(s) to ASSIGNEE, its successors and assigns, and, if called upon by ASSIGNEE, its successors, assigns, or legal representatives, ASSIGNOR agrees to promptly execute, and/or to promptly obtain the execution of, any and all documents necessary to secure any and all such patents and/or rights and for issuance of same to ASSIGNEE, its successors and assigns.

ASSIGNOR covenants with ASSIGNEE, its successors, assigns, and legal representatives, that the interest and property hereby conveyed is free from all prior assignment, grant, mortgage, license, or other encumbrance.

ASSIGNOR grants to ASSIGNEE, its successors, assigns, and legal representatives, the power to insert on this Patent Assignment any further identification, including the application number and filing dates, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, and/or any other patent office in any other country throughout the world, for recordation of this document.

ASSIGNOR confirms that it has not made any agreement in conflict with this Patent Assignment. ASSIGNOR further agrees that it will provide information within its knowledge or belief, and do, or have done, any and all other relevant things that ASSIGNEE, its successors, assigns, or legal representatives deem reasonably necessary or desirable and request of ASSIGNOR in connection with obtaining and/or maintaining any such patents and/or rights; in connection with any proceeding, controversy, and/or litigation pertaining to any such patents and/or rights; in order to perfect and/or enforce the ownership by ASSIGNEE, its successors and assigns, of the right, title, and interest conveyed by this Patent Assignment; and/or in connection with this Patent Assignment.
