RELEASE OF SECURITY INTEREST IN PATENTS

THIS RELEASE OF SECURITY INTEREST IN PATENTS (this “Release”) is made as of June 23, 2017 (“Effective Date”) by and between **MIDCAP FINANCIAL TRUST** (successor-by-assignment to MidCap Financial SBIC, LP), in its capacity as administrative agent for the Lenders party to the Credit Agreement (defined below) (together with its successors and assigns, “Grantee”), and **ADVANCED HEALTH MEDIA, LLC**, a Delaware limited liability company (“Grantor”).

WHEREAS, Grantor, certain affiliates of Grantor, Grantee and Lenders are parties to that certain Credit and Guaranty Agreement dated August 31, 2012 (as the same may have been amended, restated, supplemented, or otherwise modified from time to time, the “Credit Agreement”) (all terms capitalized but not otherwise defined herein shall have the same meanings herein as in the Credit Agreement), providing for extension of credit to be made to Grantor and certain of its affiliates by Lenders;

WHEREAS, pursuant to the terms of the Credit Agreement and certain other Security Documents executed by Grantor in favor of Grantee, Grantor previously granted to Grantee, for the benefit of Lenders, a security interest in substantially all of the assets of Grantor including all right, title and interest of Grantor in, to and under all now owned and hereafter acquired patents, patent registrations and patent applications and all renewals, extensions and continuations of any of the foregoing (the “Patents”), and all products and proceeds thereof, to secure the payment of all amounts owing by Grantor under the Credit Agreement;

WHEREAS, pursuant to the terms and conditions of that certain Patent Security Agreement by and between Grantor and Grantee, dated August 31, 2012 (as the same may have been amended, restated, supplemented, or otherwise modified from time to time, the “Patent Security Agreement”), Grantor granted, and reaffirmed its prior grant pursuant to the Credit Agreement and the other Security Documents, to Grantee, for its benefit and the benefit of the Lenders, among other things, a continuing security interest in Grantor’s entire right, title and interest in, upon and to the following (all of the following items or types of property being herein collectively referred to as the “Patent Collateral”), whether now owned or existing or hereafter created, acquired or arising:

- (i) each Patent and application for Patent listed on Schedule 1 annexed hereto, together with any reissues, continuations or extensions thereof; and
- (ii) (ii) all products and proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future infringement of any Patent.

WHEREAS, the Patent Security Agreement was recorded with the United States Patent and Trademark Office (“PTO”) on September 11, 2012, at Reel 028938, Frame 0862;

WHEREAS, Grantor, the other Borrowers, Grantee and Lenders have agreed to terminate the Credit Agreement and the Grantee has, at Grantor’s request, agreed to release its security interest in the Patent Collateral;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantee hereby terminates, cancels, discharges, reassigns and releases to the Grantor any and all liens and security interests it has against, and any and all right, title and interest it may have in or to, the Patent Collateral.

Grantee shall, at Grantor's expense, take all further actions, and provide to Grantor, its successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all documents or other instruments), reasonably requested by Grantor to more fully and effectively effectuate the purposes of this Release.
