ASSIGNMENT.

WHEREAS, I, Rajiv Nayar (Assignor), having a residence in Danville, CA, hereby declare that this declaration and assignment is directed to the US provisional application, 61/973,280, filed April 1, 2014, titled "Stabilization of Factor VIII without Calcium as an Excipient" and any future patent applications or patents filed claiming the priority of this provisional application, whether in the United States or a foreign country, including any continuations, divisions, continuations in part, patents issuing therefrom, or reissue patents, whether in the United States or a foreign country, am the owner of the entire right, title and interest I have in such application and patent and of the invention therein described;

WHEREAS, Assignor is making this assignment with the full knowledge and consent of his corporate employer, HTD Biosystems, Inc., as evidenced by its authorized signature below; and

WHEREAS, ADVANTECH BIOSCIENCES FARMACEUTICA LTDA. (Company), a company organized and existing under the laws of the country of BRASIL, and having a place of business at Alameda Grajaú, 129-18 Andar, Sala 1804, Alphaville - Barueri, San Paulo, Brasil, CEP: 06454-050, wishes to obtain the entire right, title and interest in, to and under such patent applications and such inventions as related to the lyophilized stable Factor VIII formulation claimed therein.

Now, therefore, in consideration of the sum of \$1.00 to Assignor in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, unto Company, its successors, legal representatives and assigns, the exclusive right, title and interest in, to and under the invention as related to a lyophilized stable formulation of Factor VIII under all claims of the provisional patent application referenced above, including the right to sue for past infringement, and all patents of the United States which may be granted thereon and all reissues and extensions thereof, and all applications for industrial property protection, including, without limitation, all applications for patents, utility models and designs which have already been and which may hereafter be filed for the invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from the patent under the patent laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors; certificates and designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof; and

Assignor Hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States, whose duty it is to issue patents, to issue the same to Company, its successors, legal representatives and assigns, in accordance with the terms of this instrument; and

Assignor Hereby covenants and agrees that he has the full right to convey the entire interest herein assigned, and that Assignor has not executed, and will not execute, any agreement in conflict herewith; and

Assignor Hereby further covenants and agrees that Assignor will communicate to Company, its successors, legal representative and assigns, any material facts known to Assignor respecting the invention, and generally do everything possible to aid Company, its successors, legal representatives and assigns, to obtain and enforce protection for the invention in all countries.

IN WITNESS AND TESTIMONY WHEREOF, I, HEREUNTO SET MY HAND AND SEAL THIS MARCH 11, 2015 [DATE].
