## ASSIGNMENT

WHEREAS, WE: **Erik INGRAM** of 33402 Huggins Avenue, Abbotsford, British Columbia, Canada, V2S 2R7; **Rudi KLOSSOK** of 2435 Harversley Avenue, Coquitlam, British Columbia, Canada, V3J 7C8; and **Joe HEYWOOD** of 24 – 220 Tenth Street, New Westminster, British Columbia, Canada, V3M 3X9, collectively referred to herein as "Assignors," have invented an invention relating to a CENTRIFUGAL GAS SEPARATOR (the "Invention"), for which the following patent application is being concurrently filed (the "Application"):

Jurisdiction:	<u>United States of America</u>
Application No.:	_____
Filing Date:	_____
Title:	<u>CENTRIFUGAL GAS SEPARATOR</u>

WHEREAS the Assignors made their respective contributions to the Invention in their capacities as employees and/or officers of **Eteros Technologies Inc.** (referred to herein as "Assignee"), having a place of business at 202 – 17665 66A Avenue, Surrey, British Columbia, Canada, V3S 2A7,

WHEREAS the Assignee wishes to confirm its ownership of the entire legal and equitable right, title, and interest in and to the Invention, the Application and any and all applications and/or Letters Patent that may be granted therefor in any and all countries and jurisdictions;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which Assignors hereby acknowledge, Assignors confirm having sold, assigned, and transferred absolutely, and hereby do sell, assign, and transfer absolutely, to Assignee, the entire legal and equitable right, title, and interest of Assignors in and to:

- (a) the Invention worldwide;
- (b) the Application, and any and all patent and utility model applications for the Invention in all countries and jurisdictions and under all conventions and treaties, including the right to claim for any and all applications any priority rights to which such applications are entitled under conventions, treaties, or otherwise, and all divisions, extensions, continuations, continuations-in-part, provisionals, non-provisionals, substitutions, and renewals thereof (collectively the "Patent Applications");
- (c) any and all Letters Patent that may be granted for the Patent Applications in any and all countries and jurisdictions, including without limitation any renewals, reissues, re-examinations, and/or extensions thereof (collectively, the "Letters Patent"); and
- (d) the exclusive right to bring or participate in any proceeding for past, present or future infringement or any other actionable right under any or all of the foregoing and to receive all remedies that arise therefrom, to the end of the term for which the Letters Patent may be granted, as fully and entirely as the same would have been held by Assignors had this Assignment not been made; (collectively, the "Patent Rights").

Assignors authorize and request the patent offices in all countries and jurisdictions to issue any and all of the Letters Patent, when granted, to Assignee or successors or assigns of Assignee.

Assignors represent that Assignors have not executed any agreement or assignment in conflict with this Assignment. Furthermore, Assignors shall not execute any agreement or assignment in conflict with this Assignment.

Assignors shall, each time upon request by Assignee or legal representatives, successors, nominees or assigns of Assignee, without delay and without further consideration, but at the expense of Assignee, communicate to Assignee or legal representatives, successors, nominees or assigns of Assignee any facts known to Assignors respecting the Patent Rights, testify in any legal proceeding; sign all lawful papers; execute all papers relating to any and all of the Patent Applications and the Letters Patent; execute all necessary assignment papers to register the Assignee's ownership of the Patent Applications and Letters Patent and to cause any and all of the Letters Patent to be issued to Assignee or successors or assigns of Assignee; make all rightful oaths; and generally do everything possible to aid Assignee or legal representatives, successors, nominees or assigns of Assignee to obtain, vest, register, record, confirm, maintain, perfect, prove, enforce and/or defend the Patent Rights in any and all countries and jurisdictions.

Assignors and Assignee authorize the firm of Gowling WLG (Canada) LLP to correct errors in this Assignment, to insert the U.S. application number and filing date of the Application on page 1 of this Assignment, and to insert any further identification or other information necessary or desirable to make this Assignment suitable for recordal in any country, subsequent to the execution of this Assignment.

Assignors and Assignee agree that this Assignment may be executed and delivered in any number of counterparts and each executed counterpart shall be deemed to be an original and such counterparts will together constitute one and the same Assignment, and delivery of this Assignment by facsimile, e-mail, or functionally equivalent electronic transmission constitutes valid and effective delivery.
