ASSIGNMENT

We, Jiansheng Tang, Joseph Carr, William R. McJunkins, Michael J. Hubbard and Carl E. Watkins, Jr., have made an invention that is described and claimed in a patent application entitled ROOFING MEMBRANES WITH PRE-APPLIED, CURED, PRESSURE-SENSITIVE SEAM ADHESIVES, which international application

[] is being executed and filed concurrently herewith.

[X] was filed on March 6, 2015 and now is designated as International application number PCT/US2015/019219, which application gains priority from United States application number 61/949,317

NOW THEREFORE, pursuant to the obligations imposed by or arising under one or more of our employment agreement(s), advisor agreement(s), state or national statutes, common law, and administrative regulation, and/or other good and valuable consideration, the receipt of which is hereby acknowledged, we hereby do make the following assignments –

To **Firestone Building Products Co., LLC**, a corporation created and duly organized under the laws of Indiana and having a place of business at 250 West 96th Street, Indianapolis, IN 46260, and its successors and assigns, we hereby

- assign, transfer, and set over the full and exclusive right to the above-identified invention, and to the above-identified patent application, any non-provisional, substitute, continuation, continuation-in-part, or divisional application filed thereon, and to any letters patent of the United States that issues from or claims priority to said application(s), as well as any reissue application or request for reexamination filed on such letters patent;
- covenant and agree for ourselves and our legal representative(s) to
 - a) assist said assignee and/or its designee(s), to the extent requested, in the prosecution of any patent applications contemplated by this Assignment, in any patent office proceeding on said patent application or patent issuing therefrom, or in litigation that arises out of or is based on said patent application or patent issuing therefrom, and
 - b) execute all papers related to patent applications contemplated by this Assignment that said assignee or its designee(s) request to be signed, provided that expenses relating thereto shall be borne by said assignee; and
- authorize and request the Commissioner of Patents and Trademarks to issue any letters patent of the United States relating to the above-identified invention in the name of said assignee.

To **Firestone Building Products Co., LLC**, a corporation created and duly organized under the laws of Indiana and having a place of business at 250 West 96th Street, Indianapolis, IN 46260, and its successors and assigns, we hereby

- assign, transfer, and set over the full and exclusive right to any patent applications filed in any international, regional or national patent office other than the United States Patent and Trademark Office, including, but not limited to, international patent applications filed under the Patent Cooperation Treaty, and any regional or national-stage filings thereof, relating to the above-identified invention, or gaining priority from the above-identified patent application;
- covenant and agree for ourselves and our legal representative(s) to
 - a) assist said assignee and/or its designee(s), to the extent requested, in the prosecution of any patent applications or in litigation that arises out of or is based on said applications for patent or patents issuing therefrom, and
 - b) execute all papers related to said patent applications that said assignee or its designee(s) request to be signed, provided that expenses relating thereto shall be borne by said assignee.
