ASSIGNMENT

The below named inventor(s) own(s) the entire right title and interest to the invention ("the Invention") which is the subject of a New Zealand patent application ("the Application") entitled:

Title: Method, Apparatus, and System for Controlling a Timber-Working Device
New Zealand Application No.: 602931
Filing Date: 10 October 2012

Pursuant to an agreement between each inventor and Deere & Company, a Delaware corporation having its principal office at Moline, Illinois, as well as other good and valuable considerations paid to each inventor, each inventor agrees to assign, and hereby does assign to Deere & Company the entire right, title and interest which said inventor has or may have to the Invention.

The assigned rights include all rights to file any and all patent applications for the invention described in the name of each inventor or Deere & Company, as well as any right of priority to any letters patent of any country that may be granted for the invention, and any continuations, divisions or extensions thereof. These assigned rights are to be held and enjoyed by Deere & Company, its successors or assigns, as fully and entirely as the same would have been held and enjoyed by each inventor had this assignment not been made.

Each inventor agrees to execute all papers which Deere & Company, its successors or assigns deem expedient in connection with the Application and any continuing, divisional, reissue, reexamination or foreign applications concerning the invention, and to cooperate with Deere & Company, its successors or assigns in every proper way possible to obtain patent(s) based on the Application and any continuing, divisional, reissue, reexamination or foreign applications concerning the invention.

Each inventor hereby authorizes and requests each patent office, including the Commissioner of Patents and Trademarks of the United States Patent & Trademark Office, to issue any letters patent based on the assigned rights to Deere & Company.

In witness whereof, each inventor has signed below:

Brett James Kaye
