Nunc Pro Tunc Assignment

Whereas, I, Joerg Nickelsen of Germany hereinafter called assignor, have invented certain improvements in USE OF PHOTOSYNTHETIC SCAFFOLDS IN TISSUE ENGINEERING and executed an application for Letters Patent of the United States of America therefor on December 20, 2012, now U.S. Application number 13/636,402; and

Whereas, Jose-Tomas Egana-Erazo of Germany AND Ursula Hopfner of Germany hereinafter called assignees, acquired the entire right, title, and interest in the application and invention, and to any United States patents to be obtained therefor, by agreement with the assignors on January 30, 2013; and

Whereas, it is desired that the assignment for U.S. Application number 13/636,402 be made of record in the United States Patent and Trademark Office.

Now therefore, in view of the existing signed agreement, receipt whereof is hereby acknowledged,

I, the above named assignor, did sell, assign and transfer to the above named assignees, its successors and assigns, the entire right, title and interest in the application and the invention disclosed therein for the United States of America, including all divisions, and continuations thereof, and all Letters Patent of the United States that may be granted thereon, and all reissues thereof, and all countries foreign thereto, including rights of priority under the International Convention of Paris (1883) as amended, including the right to claim priority under 35 U.S.C. §119, and I request the Director of the U.S. Patent and Trademark Office to issue any Letters Patent granted upon the invention set forth in the application to the assignee, its successors and assigns; and I hereby agree that the assignee may apply for foreign Letters Patent on the invention and I will execute without further consideration all papers deemed necessary by the assignee in connection with the United States and foreign applications when called upon to do so by the assignee.

Date:

June 23, 2014

s/ Joerg Nickelsen
