ASSIGNMENT

THIS ASSIGNMENT, is made by and between McKesson Corporation (“Assignor”) with an address of One Post Street, San Francisco, California 94104, and McKesson Financial Holdings Unlimited Company (“Assignee”) with an address of Clarendon House, 2 Church Street, Hamilton, Bermuda HM 11.

WITNESSETH: That,

WHEREAS, McKesson Financial Holdings Unlimited Company, by way of an assignment dated June 13, 2017, and recorded in the United States Patent Office at Reel 042715, Frame 0581, assigned all right, title, and interest in and to the patents and/or patent applications which were identified in Schedule A. Without any deceptive intent, Schedule A erroneously included four patents and/or patent applications (hereinafter referred to as the “Patents”) which should not have been assigned from McKesson Financial Holdings Unlimited Company to McKesson Corporation, and these said four Patents are identified in Schedule 1 attached hereto;

WHEREAS, Assignor and Assignee agree that ownership of the Patents identified in Schedule 1 were to have remained with McKesson Financial Holdings Unlimited Company, and therefore, by virtue of this assignment, Assignor hereby desires to reassign the entire right, title, and interest in and to said Patents identified in Schedule 1, and in and to the inventions represented thereby, back to McKesson Financial Holdings Unlimited Company; and

WHEREAS, the parties have agreed to the Assignment hereinafter set forth;

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the above Assignor has sold and by these presents does hereby sell, assign, transfer, and convey unto the said Assignee, its successors and assigns, its entire right, title, and interest in and to said Patents and the inventions represented thereby, and any and all continuations, continuations-in-part, or divisions thereof, and any and all Letters Patent or reissues, reexaminations, or extensions thereof which may be granted therefor or thereon, to the full end of the term for which said Letters Patent may be granted, together with the right to claim priority in all countries in accordance with the International Convention; all rights corresponding to said Patents in all countries throughout the

world; and all of its rights to sue for past infringement of said Patents worldwide, together with all claims for damage by reason of past infringement of said Patents, with the right to sue for, and collect the same for Assignee's own use and enjoyment; all to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made.

From time to time after the date hereof, at the request of either party hereto, and at the expense of the party so requesting, each of the parties hereto shall execute and deliver to such requesting party such documents and take such other action as such requesting party may reasonably request in order to consummate more effectively the transactions contemplated hereby.

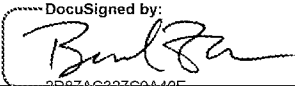

The Assignor further covenants and agrees that, at the time of the execution and delivery of these presents, it possesses full title to the inventions and Patents thereon as identified on the attached Schedule 1, and that it has the unencumbered right and authority to make this assignment.
