PATENT ASSIGNMENT

WHEREAS ANSELL LIMITED (hereinafter "Assignor"), an Australian corporation, having its principal place of business at Level 3, 678 Victoria Street, Richmond, Victoria, Australia 3121, is the assignee of the patent(s) and/or patent application(s) listed on the attached Schedule A (hereinafter "Patents");

AND WHEREAS SxWell Australia Pty. Ltd. (hereinafter "Assignee"), an Australian corporation, having its principal place of business at Level 3, 678 Victoria Street, Richmond, Victoria, Australia 3121, is desirous of acquiring the rights to said Patents;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, said Assignor does hereby sell, assign transfer and convey to said Assignee, its successors, and its assigns, all right, title, and interest in and to said Patents including, but not limited to, all reissues, divisions, continuations, continuations-in-part, inventor's certificates, utility models, utility certificates, patents of importation, registration of patents, industrial design registrations and all renewals and extensions of the foregoing for all countries, jurisdictions, and political entities of the world, along with the right to sue and recover for past infringement of said Patents, as well as the right to invoke and claim the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by a convention which may henceforth be substituted for it;

SAID ASSIGNOR hereby covenants and agrees to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right, title and interest to said Patents herein conveyed in any and all countries and groups of countries. Such cooperation by said Assignor shall include prompt production of pertinent facts and documents, giving testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuing or additional applications covering said Patents; (d) for filing and prosecuting applications for reissuance of any of said Patents; (e) for interference or other priority proceedings involving said Patents; and (f) for legal proceedings involving said Patents and any application therefor and any Patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Assignors in providing such cooperation shall be paid for by said Assignee.

SAID ASSIGNOR hereby covenants that a copy of this assignment shall be deemed a full and formal equivalent of any assignment, consent to file, or like document, which may be required in any country or region for recordation purposes for any of the foregoing rights conveyed herein;

SAID ASSIGNOR hereby covenants that it has the full right to convey the entire right, title, and interest herein assigned and that it has not executed and will not execute any agreement in conflict herewith;

IN WITNESS WHEREOF, said Assignor has caused this assignment to be executed on the dates indicated below:
