## ASSIGNMENT

THIS ASSIGNMENT is made this 29<sup>th</sup> day of April 2016  
between

Moose Junction Limited, a company registered under the laws of England and Wales with company registration number 06523237, of Adam House, Birmingham Road, Kidderminster, Worcestershire, DY10 2SH, United Kingdom (hereinafter called the "Assignee") of the one part  
and

Asardis Limited, a company registered under the laws of Jersey with company registration number 107732, of Nautilus House, La Cour des Casernes, St Helier, Jersey, JE1 3NH (hereinafter called the "Assignor") of the other part

### DEFINITIONS:

In this Assignment unless the context otherwise requires

Intellectual property includes the worldwide rights to file a patent application for certain inventions relating to "a lock" as more particularly described in the annexed draft patent application, including any ensuing national or regional patent applications, and any and all patents that may issue from the patent applications, including any and all reissues, extensions, substitutions, confirmations, registrations, revalidations, renewals, additions, continuations, continuations-in-part, or divisionals of or to any of the aforesaid patent applications;

### WHEREAS

- (a) The Assignor is the owner of the Intellectual Property Rights by virtue of an assignment made 28 September 2016 from the assignee. The Assignee derived their rights by virtue of an assignment dated 30 September 2015 from Supra (UK) Limited. Supra (UK) Limited derived their rights from an assignment dated 20 May 2015 from the employer Solutions Engineered Limited of the inventor Robert Williams;
- (b) The Assignee desires to acquire all right, title, benefit and interest in and to the Intellectual Property Rights; and
- (c) The Assignor has agreed to assign to the Assignee all right, title, benefit and interest in and to the Intellectual Property Rights

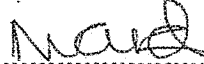

The parties AGREE as follows:-

1. **IN CONSIDERATION** of the sum of £1 (one pound) each, receipt of which is hereby acknowledged, the Assignor assigns and transfer to the Assignee with full title guarantee free from all and any charges or other third party rights all its right, title and interest (including the right to apply for a patent and the right to claim priority from any patent application for any inventions forming part of the Intellectual property rights) in the Intellectual property rights together with all rights of action, remedies, powers and benefits relating to any of the Intellectual property rights, including the right to sue for damages for infringement or misuse occurring before the date of this Assignment.
2. The Assignor hereby agree to complete all necessary acts and things as may be reasonably requested by the Assignee to enable the Assignee to be officially recorded as proprietor of any Patent or any other rights relating to the Intellectual property rights.

IN WITNESS whereof the parties hereto have caused this assignment to be signed on the day and year first
