ASSIGNMENT

This Assignment is made by:

Mirna Therapeutics, Inc. ("Assignor"), having a place of business at 1250 Capital of Texas Highway, Building 3, Suite 400, Austin TX;78746.

and

Bioo Scientific Corporation ("Assignee"), having a principle place of business at 7050 Burleson Road, Austin TX, 78744.

WHEREAS, Assignor owns the entire right and interest in and to an invention(s) or parts thereof (the "Invention") described in United States Patent 8900627 entitled "NOVEL COMPOSITIONS FOR THE IN VIVO DELIVERY OF RNAI AGENTS", naming Lance Ford, David Brown, and Andreas G. Bader as inventors:

WHEREAS, Assignee is desirous of acquiring all of Assignee's right, title, and interest in and to the Invention;

WHEREAS, the Assignor and Assignee desire to have a recordable instrument assigning Assignor's entire right, title and interest in and to the Invention, the applications and any Letters Patent that may be granted for the Invention throughout the world, to Assignee;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor sells, assigns, and transfers to Assignee, its successors and assigns, Assignor's entire right, title, and interest in and to:

- (i) the Invention;
- (ii) the applications and any divisions, continuations, continuations-in-part, re-examinations, re-issues, extensions, and any application based in whole or in part thereon (the "Applications"); and,
- (iii) any Letters Patent that may be granted for the Invention throughout the world, including re-issues based on opposition and any Letters Patent based in whole or in part on the Applications;

with the right to file foreign applications directly in the name of the Assignee, and, Assignor further assigns: (i) Assignor's right to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise, and, (ii) the right to pursue any provisional rights and the right to sue for past infringement.

Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, Assignor and Assignor's legal representatives and assigns will do all lawful acts, including the execution of papers, the making of oaths, the participation in interference proceedings, and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, and/or enforcing Letters Patent in the United States

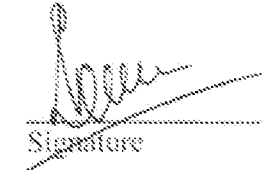

and throughout the world for the Invention, the Applications, and any Letters Patent granted for the Invention throughout the world.

Assignor represents and warrants that Assignor has not granted and will not grant to others any rights inconsistent with the rights granted by Assignor herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and all foreign countries to issue any Letters Patent granted for the Invention, whether on the Applications or on any subsequently filed divisional, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in the Invention.
