**ASSIGNMENT AND CONFIRMATION OF ASSIGNMENT  
OF PATENT RIGHTS**

WHEREAS, We, Jason Tremblay, Dana M. Nutter, Elizabeth Mills, Luca Nicoli and Eric Stimpson, have invented one or more inventions described in United States Application No. 29/604,036, filed May, 15, 2017, entitled "RINGED MEMBRANE" (hereinafter, the "Patent Application"); and

WHEREAS, Charles River Laboratories, Inc. (hereinafter "ASSIGNEE"), a corporation having a place of business at 251 Ballardvale Street, Wilmington, MA 01887, desires to acquire and desires to confirm the acquisition of our entire interest in said invention(s) and said Patent Applications, and applications and Letters Patent(s) which claim priority to or the benefit of said Patent Application;

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt of which is hereby acknowledged, we confirm we have sold, assigned and transferred and by these presents do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns, and legal representatives, our entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in and to the invention(s) described in said Patent Application, together with our entire right, title and interest in and to said Patent Application and such Letters Patent(s) as may issue thereon or claim priority under United States law or international convention, including but not limited to non-provisionals, continuations, divisionals, reissues, reexaminations, extensions, and substitutions of said Patent Application or such Letters Patent(s), and any right, title and interest we may have in provisional applications to which said Patent Application claims priority; said invention(s), application(s) and Letters Patent(s) to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent(s) may be granted as fully and entirely as the same would have been held by us had this assignment and sale not been made; we hereby convey all of our rights arising under or pursuant to any and all United States laws and international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent(s), including but not limited to any cause(s) of action and damages accruing prior to this assignment;

AND, we hereby further agree for ourselves and our executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention(s) to said ASSIGNEE, its successors, assigns, and legal representatives, but at its or their expense and charges;

AND, we hereby authorize and request the Director of the United States Patent and Trademark Office and the empowered officials of all other governments to issue such Letters Patent(s) as shall be granted upon or claim priority to or the benefit of said Patent Application, or applications based thereon, to said ASSIGNEE, its successors, assigns, or legal representatives.

IN TESTIMONY WHEREOF, we have hereunto set our hands and affixed our seals on the date(s) set forth below.
