Assignment of Non-Provisional Application

In consideration of One Dollar (\$1.00), and other good and valuable consideration, the receipt of which is hereby acknowledged, I, the undersigned,

Hereby sell, assign, and transfer to SAFE SKIES, LLC, a corporation of the State of NEW YORK, having a place of business at 165 NORFOLK STREET, BROOKLYN, NEW YORK, 11235, its successors, assigns and legal representatives, the entire right, title and interest for all countries, in and to any and all inventions which are disclosed and claimed, and any and all inventions which are disclosed but not claimed, in the application for United States Patent, which has been executed by the undersigned on the date set forth below and entitled

LOCKING APPARATUS

(U.S. Design Patent Application No. 29/613,338, filed August 9, 2017)

and in and to said application and all divisional, continuing, substitute, renewal, reissue, and all other applications for U.S. Letters Patent or other related property rights in any and all foreign countries which have been or shall be filed on any of said inventions disclosed in said application; and in and to all original and reissued patents or related foreign documents which have been or shall be issued on said inventions;

Authorize and request the Commissioner for Patents of the United States to issue to said Assignee, the corporation above named, its successors, assigns and legal representatives, in accordance with this assignment, any and all United States Letters Patent on said inventions or any of them disclosed in said application;

Agree that said Assignee may apply for and receive foreign Letters Patent or rights of any other kind for said inventions, or any of them; and may claim, in applications for said foreign Letters Patent or other rights, the priority of the aforesaid United States patent application under the provisions of the International Convention of 1883 and later modifications thereof, under the Patent Cooperation Treaty, under the European Patent Convention or under any other available international agreement; and that, when requested, without charge to, but at the expense of, said Assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned or the undersigned's executors or administrators will, for the United States and all foreign countries, execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications or other documents on any and all said inventions; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns and representatives, all facts known and documents available to the undersigned relating to said inventions and the history thereof; testify

in all legal proceedings and give of his/her every thing possible which will be done by his successors, assigns or representatives shall consider desirable for aiding in securing, maintaining and enforcing every patent protection for said inventions and for vesting title in said inventions and all applications for patents and all other rights and all persons who used or continue to use said inventions by successors and/or legal representatives, and

Covenant with said Inventor, its successors, assigns and legal representatives that no license, grant, mortgage, license or other agreement affecting the rights and property herein in this case has been made to others by the undersigned, and that full right to convey the same as herein described is possessed by the undersigned.
