ASSIGNMENT

WHEREAS, I, Kavya Ramachandran, a citizen of India residing in Herndon, Virginia, (hereinafter, together with my heirs, executors, administrators, and legal representatives, referred to as "Assignor") have invented one or more inventions (hereinafter referred to as "the Invention(s)") disclosed in the United States patent application with serial number 11/532,093, filed on September 14, 2006, and entitled "GRAPHICAL PRESENTATION OF MEDICAL DATA" (hereinafter referred to as "the Application"); and

WHEREAS, Quest Diagnostics Investments Incorporated (hereinafter, together with its successors and assigns, referred to as "Assignee"), a Delaware corporation having its principal offices at 300 Delaware Ave., Wilmington, Delaware 19899, is desirous of obtaining all right, title, and interest in, to, and under the Invention(s) and the Application;

NOW, THEREFORE, for the sum of ten dollars and other good and valuable consideration, including employment by Assignee at the time of the Invention(s), the receipt and sufficiency of which Assignor hereby acknowledges, Assignor has sold, assigned, transferred, and set over, and by these presents hereby sells, assigns, transfers, and sets over to the Assignee all of Assignor's right, title, and interest in, to, and under the Invention(s) and the Application, including, without limitation, (a) the right to apply for patents in the United States of America and in all foreign countries for the Invention(s); (b) all other applications for patents for the Invention(s) or based on the Application in all countries, now filed or to be filed, including all non-provisional, divisional, renewal, substitute, continuation, continuation-in-part, and convention applications based in whole or in part upon the Invention(s) or upon the Application; (c) all patents that may issue on the Invention(s) and on any application transferred by this Assignment in the United States and foreign countries, and any and all reissues, extensions, divisions, renewals, substitutes, continuations, or continuations-in-part of patents granted for the Invention(s) or upon the applications, to the full term or terms for which the patents may be issued; and (d) every priority right that is or may be predicated upon or arise from the Invention(s), the Application, and such patents under any applicable international or bilateral treaty, agreement, or convention. Assignor hereby authorizes Assignee to file patent applications in all countries for any or all of the Invention(s) in Assignor's name, or in Assignee's name, or otherwise as Assignee may deem advisable, under any international or bilateral treaty, agreement, or convention or otherwise.

Assignor hereby covenants and agrees that Assignor will, upon reasonable request of the Assignee, subject to Assignor's prior commitments, and without further consideration but at the expense of the Assignee, communicate to Assignee any facts known to Assignor relating to the Invention(s) and the history thereof, testify in any legal proceeding, execute all lawful papers required to effect the foregoing, and generally do all further acts which may be deemed necessary by Assignee to obtain and enforce proper patent protection for the Invention(s) in all countries.

Assignor hereby represents and warrants that Assignor has the full and unencumbered right to sell, assign, and transfer the interests sold, assigned, and transferred herein and that Assignor has not executed and will not execute any document or instrument in conflict herewith.
