Patent Assignment

This PATENT ASSIGNMENT (this "Assignment"), dated as of May 24, 2017, is made by Defined Diagnostics, LLC, a Delaware limited liability company formerly known as Wellstat Diagnostics, LLC ("Seller"), having a principal place of business at 14200 Shady Grove Road, Suite 600, Rockville, MD 2085, in favor of PDL Biopharma, Inc., a Delaware corporation ("Buyer"), having a place of business at 932 Southwood Blvd., Incline Village, NV 89451.

Recitals

Pursuant to the terms and conditions of that certain Asset Purchase Agreement entered into by Seller and Buyer, dated as of December 22, 2015, as amended by that certain Amendment No. 1 to Asset Purchase Agreement dated as of May 24, 2017 (as so amended, the "Purchase Agreement"), Seller has conveyed, transferred and assigned to Buyer the inventions, patent applications, and patents, set forth in Attachment A (the "Patent Rights"), and agreed to execute and deliver this Assignment suitable for recordation with any necessary governmental authorities including, but not limited to, the U.S. Patent and Trademark Office.

Assignment

1. Assignment. In consideration for the execution of the Purchase Agreement, the payment of the consideration stipulated in the Purchase Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller hereby irrevocably conveys, transfers and assigns to Buyer, and Buyer hereby accepts, all of Seller's right, title and interest in and to the following:

(a) all Patent Rights, including all inventions embodied or described therein, and any and all applications therefor and letters patent or patents in the United States of America and all foreign countries which may be filed and granted therefore and thereon, and in and to any and all divisions, continuations, continuations-in-part, reissues, extensions, reexaminations and renewals thereof, and to invoke and claim for any application for patent or other form of protection for said inventions, the benefit of all rights under any and all international conventions and treaties for the protection of intellectual property, as may be amended and by any convention or treaty which may henceforth be added or substituted therefor, the same to be held and enjoyed by Buyer for its own use and benefit, and that of its successors, legal representatives and assigns, to the full end of the term or terms for which letters patent or patents may be granted, at least as fully and entirely as the same would have been held and enjoyed by Seller had this transfer not been made;

(b) any rights of any kind whatsoever of Seller accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world; and

(c) any income, royalties, damages and payments now or hereafter due or payable in respect of any of the foregoing and any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, including all rights to and

claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. **Recordation and Further Actions.**

(a) Seller authorizes and requests the competent authorities to grant and to issue any and all such Patent Rights in the United States and throughout the world to and in the name of Buyer, as fully and entirely as if the same would have been held and enjoyed by Seller had this assignment, sale and transfer not been made.

(b) Seller hereby authorizes and requests the Commissioner for Patents, Commissioner for Trademarks, the Patent Offices and any other governmental officials to record and register this Assignment upon request of Buyer.

3. **Counterparts.** This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Assignment.

4. **Successors and Assigns.** This Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

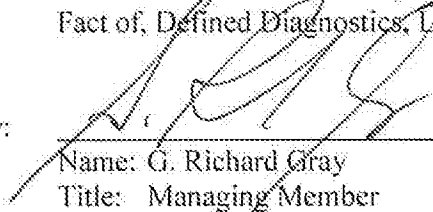

5. **Governing Law.** This Assignment and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising out of or relating to this Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Maryland, without giving effect to any choice or conflict of law provision or rule (whether of the State of Maryland or any other jurisdiction). All actions and proceedings arising out of or relating to this Assignment shall be heard and determined in the Circuit Court for Montgomery County, Maryland (or, solely if the Court has no jurisdiction for an applicable action or proceeding, any federal court sitting in the State of Maryland), and the parties hereto hereby irrevocably submit to the exclusive jurisdiction of such courts (and, in the case of appeals, appropriate appellate courts therefrom) in any such action or proceeding and irrevocably waive the defense of an inconvenient forum to the maintenance of any such action or proceeding. The parties hereto agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by applicable Law.

The remainder of this page has been intentionally left blank.

IN WITNESS WHEREOF, the parties have executed this Assignment as of the date first written above.
