9. **Inventions.**

a. Inventions Retained and Licensed. I have attached hereto, as Exhibit "A", a list describing with particularity all inventions, original works of authorship, developments, improvements, and trade secrets which were made by me prior to the commencement of the Relationship (collectively referred to as "Prior Inventions"), which belong solely to me or belong to me jointly with another, which relate in any way to any of GPT's proposed businesses, products or research and development, and which are not assigned to GPT hereunder; or, if no such list is attached or is not completed, I represent that there are no such Prior Inventions. If GPT is unable because of my mental or physical incapacity or unavailability or for any other reason to secure my signature to apply for or to pursue any application for any United States or foreign patents or copyright registrations covering Inventions or original works of authorship assigned to GPT as above, then I hereby irrevocably designate and appoint GPT and its duly authorized officers and agents as my agent and attorney in fact, to act for and in my behalf and stead to execute and file any such applications and to do all other lawfully permitted acts to further the application for, prosecution, issuance, maintenance or transfer of letters patent or copyright registrations thereon with the same legal force and effect as if originally executed by me. I hereby waive and irrevocably quitclaim to GPT any and all claims, of any nature whatsoever, which I now or hereafter have for infringement of any and all proprietary rights assigned to GPT.

10. General Provisions.

a. Governing Law. The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the Commonwealth of Pennsylvania, without giving effect to the principles of conflict of laws.
