2. Copyright Assignment. Assignor hereby assigns, transfers and conveys to Assignee and its successors and assigns, as of the Effective Date, all of Assignor’s right, title and interest in and to the Copyrights, together with the goodwill connected with and symbolized by such Copyrights, including but not limited to all rights in the applicable registrations and/or applications thereof, all rights to secure copyright registration therein and to any resulting registration in Assignee’s name as claimant, the right to secure renewals, reissues, and extensions of any such copyright or copyright registration in the United States of America or any foreign country, and the right to all causes of action and remedies related thereto.

3. Trademark Assignment. Assignor hereby assigns, transfers and conveys to Assignee and its successors and assigns, as of the Effective Date, any and all of Assignor’s rights, title and interest in and to the Trademarks, in the United States of America and any foreign counties, including, without limitation, all common law rights therein, all rights in the
