DEED OF CONFIDENTIAL INFORMATION AND INVENTION ASSIGNMENT

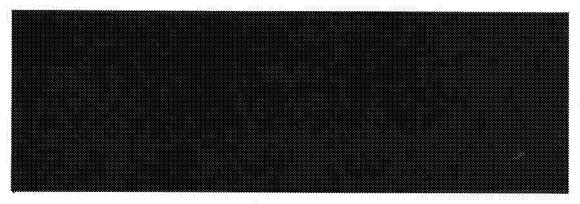

FOR EMPLOYEES - UK

As a condition of my becoming employed (or my employment being continued) by Facebook UK Limited (the "Company" or "Facebook") or in the future by any of its current or future parent companies, subsidiaries, affiliates, successors or assigns, including, but not limited to Facebook, Inc. (collectively, including the Company, the "Group Company"), I agree to the following:

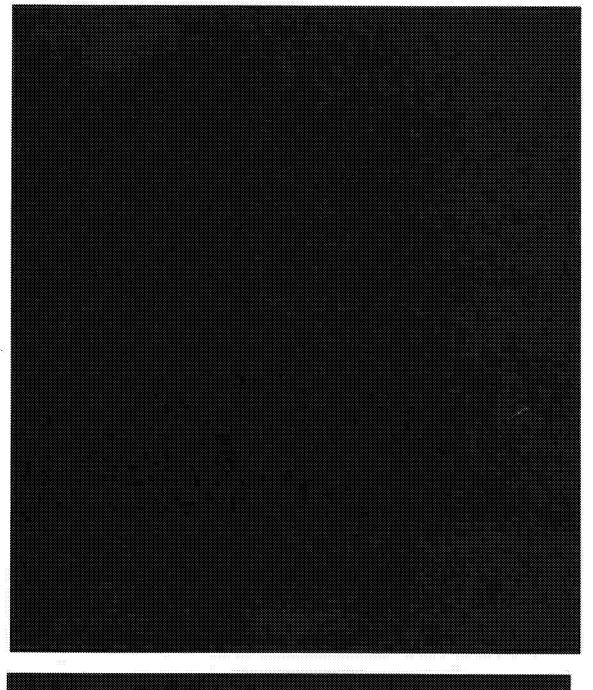

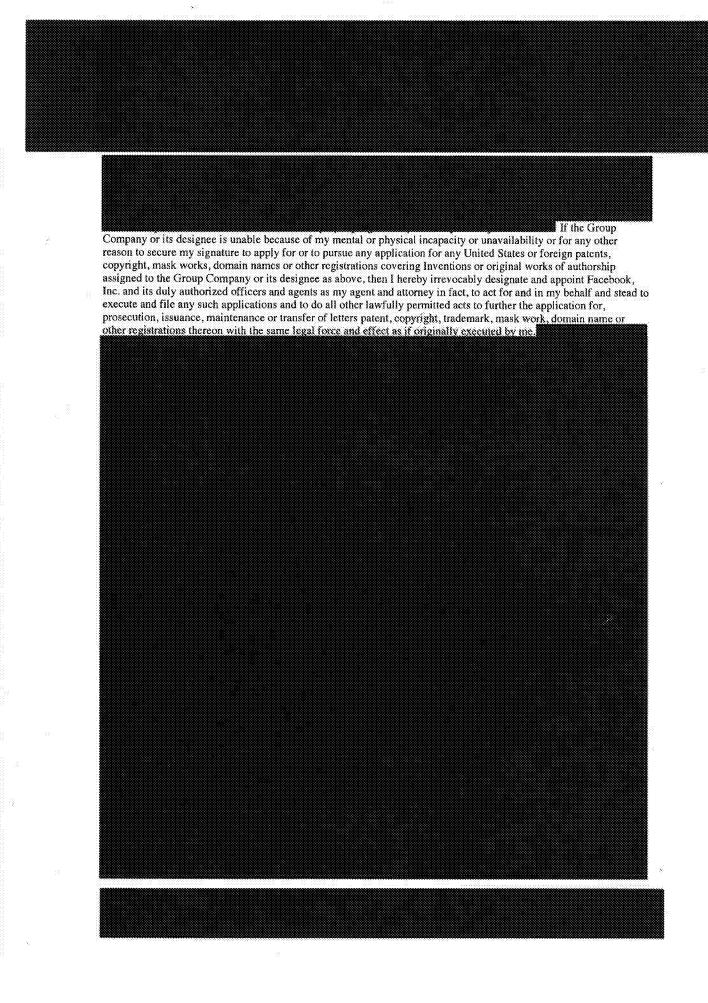

Inventions.

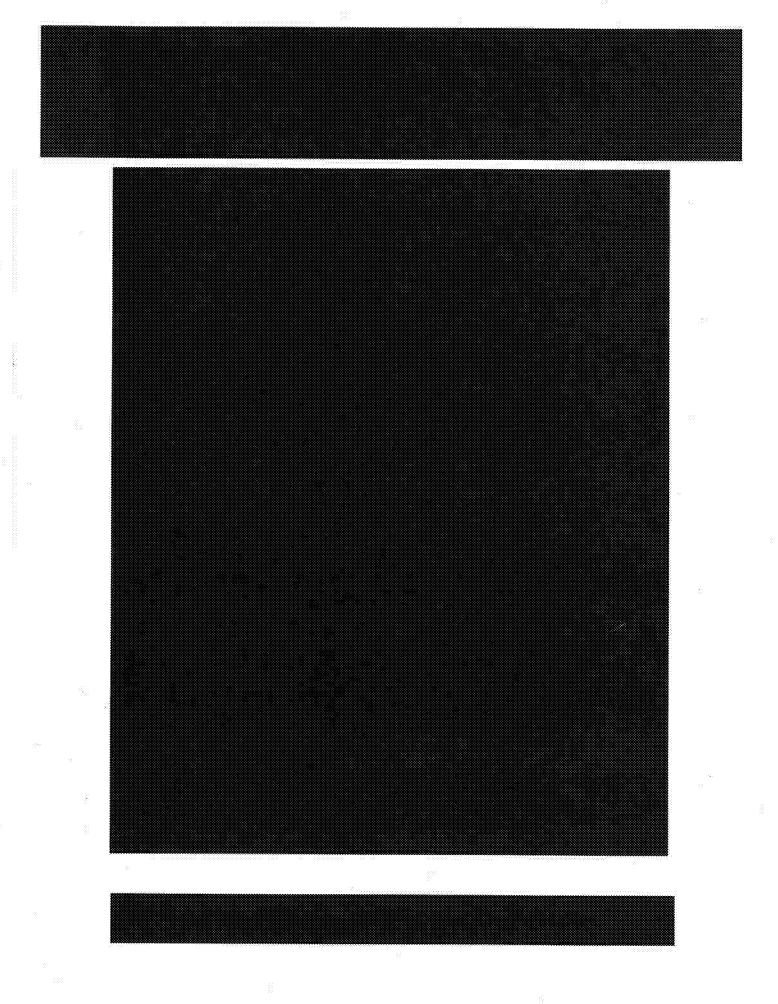

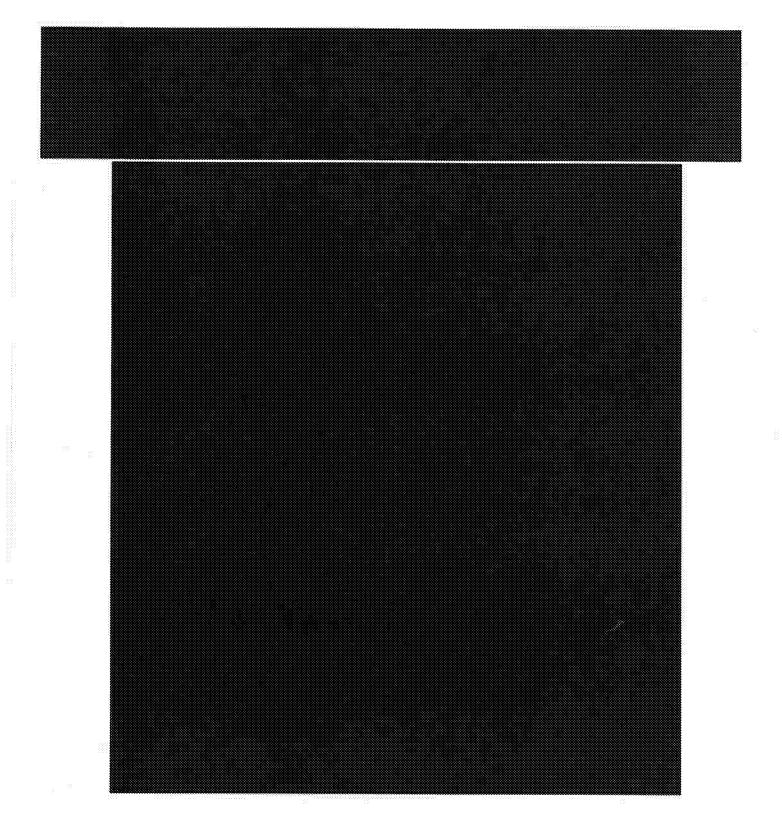

Assignment of Inventions. I agree that I will promptly make full written disclosure to (b) the Company, will hold in trust for the sole right and benefit of Facebook, Inc., and hereby assign to Facebook, Inc., or its designee, all my right, title and interest throughout the world in and to any and all inventions, original works of authorship, developments, concepts, know-how, designs, improvements or trade secrets, including but not limited to those inventions that may be patentable, copyrightable or protectable under any other intellectual property laws, which I may solely or jointly create or conceive or develop or reduce to practice, or cause to be created or conceived or developed or reduced to practice, during the period of the Relationship (collectively referred to as "Inventions"), except as provided in Section 4(c) below. I further acknowledge and agree that all Inventions which are made by me (solely or jointly with others) within the scope of the Relationship are (to the greatest extent permitted by applicable law) from conception and/or creation owned exclusively by Facebook, Inc. without any remuneration (save as provided by applicable law) beyond that provided to me for services I provide to the Company due to the Relationship and I hereby grant and assign to Facebook, Inc. all right, title and interest I may have in such Invention without any additional remuneration (save as provided for by applicable law) beyond that provided to me for services I provide to the Company due to the Relationship. I understand this means that such Inventions shall be owned exclusively by Facebook, Inc. To the maximum extent permitted by applicable law, I hereby waive and agree not to enforce any moral

rights I may have on or to any such Inventions. To give effect to this Section 4(b) and ensure that ownership in the Inventions shall vest in Facebook Inc., I and the Company acknowledge and agree (to the extent I am and the Company is able to do so under applicable law) that any automatic vesting of ownership in the Inventions in the Company by operation of applicable law shall not apply.
