PATENT ASSIGNMENT AGREEMENT

THIS PATENT ASSIGNMENT AGREEMENT (the "Agreement"), is made and entered into this 9th day of July, 2015 (the "Effective Date"), by and between Pure Imagination, LLC a Washington limited liability company, with its principal place of business located at 705 Main Street, Suite 201, Vancouver, WA (the "Assignor") and Perfect Company, a Delaware corporation, with its principal place of business located at 705 Main Street, Suite 201, Vancouver, WA ("Assignee"), (each a "Party" and collectively the "Parties").

WHEREAS, Assignor is the owner of all rights, title and interest in and to the inventions, discoveries and applications (collectively the "Inventions") as described and claimed in the United States and foreign patents and patent applications as listed on Schedule A (collectively the "Patents") hereto;

WHEREAS, Assignor and Assignee have agreed by an Asset Transfer Agreement (the "Transfer Agreement") dated the date hereof by and between Assignor and Assignee, the terms of which are incorporated herein by reference and in which capitalized terms used, but not defined herein, are defined, that Assignor shall and does sell, transfer, assign and set over unto Assignee, and Assignee accepts, all rights, title and interest in and to the Patents as specified in this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants and agreements of the Parties, and pursuant to the Transfer Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is hereby agreed as follows:

ASSIGNMENT

(1) Assignor hereby sells, transfers, assigns and sets over to Assignee all rights, title and interest (for all countries) in and to the Patents, and all the rights and privileges under any letters patent that may be granted therefor and thereon and all continuations, divisions, reissues, reexaminations and extensions thereof; and all applications for industrial property protection, including without limitation, all applications for patents, utility models, copyright, and designs which may hereafter be filed for said Inventions and Patents in any country or countries, together with the right to file such applications and the right to claim for the same the priority rights derived from the Patents under the patent laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, copyrights and designs which may hereafter be filed for said Inventions or Patents in any country or countries, together with the right to file such applications; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates, copyrights and designs which may be granted for said Patent in any country or countries and all extensions, renewals and reissues thereof.

(2) Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States, whose duty is to issue patents or other evidence or forms of industrial property on

applications as aforesaid, to issue the same to Assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

(3) Assignor agrees that, at any time, upon the request of the Assignee, Assignor will execute and deliver all papers, take all rightful oaths, and do all acts which may be necessary or desirable to secure and maintain patent protection on the Inventions throughout all countries of the world and for vesting title thereto in Assignee, its successors, assigns and legal representatives or nominees, and otherwise to do the necessary to give full effect to and to perfect the rights of the Assignee under this Agreement, including the execution, delivery and procurement of any and all further documents evidencing this Agreement, transfer and sale as may be necessary or desirable provided that Assignee shall cover any costs or expenses related thereto.

(4) Assignor hereby covenants that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Agreement.

(5) Assignor authorizes and empowers Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for the Inventions, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable, and to invoke and claim such right of priority without further written or oral authorization from Assignor.

(6) Assignor hereby consents that a copy of this Agreement shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document that may be required in any country for any purpose and more particularly in proof of the right of Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

(7) All of the rights, title and interest in and to the Patents sold, transferred, assigned and set over to Assignee hereunder include all income, royalties, damages and payments now or hereafter due or payable with respect thereto, and all causes of action (whether in law or equity) and the right to sue, counterclaim, and recover for the past, present and future infringement of the rights assigned or to be assigned hereunder.

(8) If any portion of this Agreement is found to be contrary to law or ineffective, the remainder of the Agreement shall survive and be interpreted, to the maximum extent possible, for the purpose of carrying out the intent of the parties which is the full and complete transfer and assignment of all Assignor's Patents to Assignee.
