## INTELLECTUAL PROPERTY ASSIGNMENT

This INTELLECTUAL PROPERTY ASSIGNMENT (the "Assignment") is made and entered into this 21<sup>st</sup> day of December 2016, by and between **KENSEY NASH CORP.** doing business as DSM Biomedical, a corporation formed under the laws of the State of Delaware with a principal place of business at 735 Pennsylvania Drive, Exton, PA 19341 (the "Assignor"), and **DSM IP ASSETS B.V.**, a corporation of the Netherlands, with a principal place of business at Het Overloon 1, 6411 TE Heerlen (the "Assignee").

WHEREAS, the Assignor desires to assign to the Assignee the entire right, title and interest in and to the Intellectual Property (as defined below); and

WHEREAS, the Assignee desires to grant, and Assignor desires, a license to the same Intellectual Property for research, discovery, and commercialization;

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein intending to be legally bound hereby, the parties hereto agree as follows:

### **DEFINITIONS**

The following definitions shall apply to this Assignment:

"Copyrights" means all copyrights, including without limitation moral rights and rights of attribution and integrity, copyrights in software and in the content contained on any web site, and registrations and applications for any of the foregoing, and rights to sue for past infringement thereof, including, without limitation, the registrations set forth on Schedule A attached hereto.

"Intellectual Property" means Copyrights, Patents, Trademarks and Trade Secrets owned or used by Assignor.

"Patents" means all inventions reduced to practice, either constructively or actually, all improvements, patent applications, and issued patents owned by Assignor, and any and all related issued patents or pending United States, international, or non-United States applications, including any and all foreign counterparts, renewals, reissues, substitutions or additions, re-examinations, divisionals, continuations and continuations-in-part claiming priority thereto set forth on Schedule B attached hereto.

"Trademarks" means all trademarks, service marks, trade names, domain names, brand names, corporate names, designs, logos, emblems, signs or insignia, slogans, other similar designations of source or origin and general intangibles of like nature, together with goodwill of the business symbolized by any of the foregoing, registrations and applications relating to any of the foregoing, and rights to sue for past infringement thereof, whether foreign or domestic, including, without limitation, the trademarks, service marks, trade names and domain names set forth on Schedule C attached hereto.

"Trade Secrets" means all trade secrets including, without limitation, trade secrets of the following nature: financing and marketing information, technology, know-how,

inventions, proprietary processes, formulae, algorithms, models and methodologies and rights to sue for past infringement.

### **COPYRIGHTS**

1. Assignor hereby sells, assigns and transfers to Assignee all right, title and interest, in and to the Copyrights, including but not limited to renewal rights therein, the right to obtain registrations of the Copyrights in the United States, and throughout the world, and the right to sue and recover any and all damages and profits, and any and all other remedies, for past, present or future infringements or violations thereof, all in Assignee's sole name.

2. In case any further action is reasonably necessary to consummate more effectively the transactions contemplated by this Assignment in accordance with the terms and conditions of this Assignment, each of the parties will take such further action as the other party reasonably may request.

### **PATENTS**

3. Assignor hereby sells, assigns and transfers to Assignee all right, title and interest in and to the Patents, including but not limited to the right to sue and recover any and all damages and profits, and any and all other remedies, for past, present or future infringements or violations thereof, all in Assignee's sole name.

4. In case any further action is reasonably necessary to consummate more effectively the transactions contemplated by this Assignment in accordance with the terms and conditions of this Assignment, each of the parties will take such further action as the other party reasonably may request.

### **TRADEMARKS**

5. Assignor hereby sells, assigns and transfers to Assignee all right, title and interest in and to the Trademarks, together with the goodwill of the business that is symbolized by the Trademarks, including but not limited to renewal rights therein, the right to obtain registrations of the Trademarks in the United States, and throughout the world, and the right to sue and recover any and all damages and profits, and any and all other remedies, for past, present or future infringements or violations thereof, all in Assignee's sole name.

6. In case any further action is reasonably necessary to consummate more effectively the transactions contemplated by this Assignment in accordance with the terms and conditions of this Assignment, each of the parties will take such further action as the other party reasonably may request.

### **TRADE SECRETS**

7. Assignor hereby sells, assigns and transfers to Assignee all right, title and interest in and to the Trade Secrets, including, but not limited to the right to sue and recover any and all damages and profits, and any and all other remedies, for past, present or future misappropriations or violations thereof, all in Assignee's sole name.

8. Assignor agrees that, if applicable, it will reasonably assist Assignee in acquiring and maintaining any available protections for, and confirming Assignee's title to, the Trade Secrets.

## LICENSE

9. License. Assignee hereby grants back to Assignor an exclusive, worldwide, unlimited license, with right to sublicense, under the Intellectual Property to use, make, sell, have made, import and export, and perform research and development activities.

## GENERAL

10. Entire Agreement. This Assignment contains the entire agreement of the parties with respect to the subject matter of this Assignment. No prior agreement or understanding pertaining to any such matter shall be effective. This Assignment may be modified in a written instrument executed by the parties.

11. Binding Assignment. This Assignment shall be binding upon and inure to the benefit of each of the parties hereto, their successors and permitted assigns.

12. Governing Law. This Assignment shall be governed by and construed under the laws of the State of Delaware, excluding any conflicts of laws or principle that might refer the governance or construction of this Assignment to the law of another jurisdiction.

13. Severability. If any provision of this Assignment shall be deemed invalid or unenforceable by any court of competent jurisdiction, then such portion shall be deemed severed, and the remainder thereof shall be enforceable in accordance with its terms.

14. Counterparts. This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

15. Headings. All headings contained in this Assignment are for reference only and shall not affect the meaning or interpretation of this Assignment in any manner.
