### ASSIGNMENT

WHEREAS, Ugur Sahin of Mainz, DE; hereinafter called the "Assignor," has made the invention described in the United States patent application entitled COMBINATION THERAPY INVOLVING ANTIBODIES AGAINST CLAUDIN 18.2 FOR TREATMENT OF CANCER that has a U.S. Patent Application Serial Number of 14/769,046 and was filed on August 19, 2015 (hereinafter referred to as "the Application") as a National Stage Entry of PCT/EP2014/000433, which was filed on February 18, 2014.

WHEREAS, Ganymed Pharmaceuticals AG, a German company, whose office is at An der Goldgrube 12, Mainz, DE, 55131, and *Universitätsmedizin der Johannes Gutenberg-Universität Mainz, a university, whose office is at Langenbeckstraße 1, DE 55131 Mainz*; hereinafter collectively called the "Assignees," desire to acquire the entire right, title and interest in and to the invention and to the patent application identified above, and all patents, foreign and domestic, which may be obtained for said invention, as set forth below.

NOW, THEREFORE, in exchange for valuable and legally sufficient consideration, the Assignor has sold, assigned and transferred, and by these presents does sell, assign and transfer to the Assignees, the entire right, title and interest for the United States and elsewhere in and to the invention and the patent application identified above, and any patents that may issue for said invention in the United States and elsewhere; together with the entire right, title and interest in and to said invention and all patent applications, patents, utility models and designs therefore in all countries foreign to the United States, including the full right to claim for any such application all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all continuations, divisions, renewals and extensions of any of the patent applications, patents, utility models and designs defined above; to have and to hold for sole and exclusive use and benefit of the Assignees, their successors and assigns, to the full end of the term or terms for all such patents.

The Assignor hereby covenants and agrees, for both the Assignor and the Assignor's legal representative, that Assignor has the full right to convey the interest assigned by this Assignment; and that the Assignor will assist the Assignees in the prosecution of the patent applications identified above, in the making and prosecution of any other applications that the Assignees may elect to make covering the invention identified above, in vesting in the Assignees like exclusive title in and to all such other patent applications and patents, in the prosecution of any interference which may arise involving said invention, or any such patent application or patent, and in assisting Assignees in enforcement of any rights arising out of this Assignment; and that the Assignor will execute and deliver to the Assignees any and all additional papers which may be requested by the Assignees to carry out the terms of this Agreement.

The Commissioner of Patents and Trademarks is hereby authorized and requested to issue patents to the Assignees in accordance with the terms of this Assignment.

IN TESTIMONY WHEREOF, the Assignor has executed this agreement.
