PATENT ASSIGNMENT

This PATENT ASSIGNMENT (this "Assignment") is made as of this 27th day of June, 2017, by and between H. Lundbeck A/S, a company incorporated and registered under the laws of Denmark with its principal place of business at Ottiliavej 9, DK 2500 Valby, Denmark (the "Assignor") and Sojournix, Inc. a company organized and existing under the laws of Delaware with its principal place of business at 1167 Massachusetts Avenue, Arlington, MA 02476, USA ("Assignee"). Assignor and Assignee are referred to herein individually as a "Party" and collectively as the "Parties." Capitalized terms used herein but not otherwise defined shall have the meaning set forth in the Agreement (as defined below).

WHEREAS, pursuant to the Asset Acquisition and Licensing Agreement, dated April 28, 2017 (the "Agreement"), by and between Assignee and Assignor, Assignor has agreed with Assignee to transfer to Assignee Assignor's rights under and interests in and to certain assets referred to in the Agreement, including, without limitation, the patents and patent applications set forth on Schedule A hereto (the "Patent Property"), subject to the terms and conditions of the Agreement.

NOW, THEREFORE, to all whom it may concern be it known that for the consideration provided pursuant to the Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor has sold, assigned and transferred and by these presents does hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives, Assignor's entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in and to said invention(s) as described in said Patent Property, together with Assignor's entire right, title and interest in and to said Patent Property and such letters patent as may issue thereon, and any substitution, reissue, reexamination, continuation, divisional, revival, refiling, renewal, extension, (including patent term extension), registration, revalidation, and any equivalents of the foregoing in any and all countries, as well as any supplementary protection certificates and equivalent protection rights (e.g., in relation to paediatric extensions in respect of any of them), and foreign counterparts thereof, and including the right to claim priority under any applicable statute, treaty or convention based on said Patent Property; said invention(s), applications and letters patents to be held and enjoyed by said Assignee for its own use and benefit and for its successors, assigns and legal representatives, to the full end of the term for which patents may be granted as fully and entirely as the same would have been held by Assignor had this assignment not been made; Assignor hereby conveys all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for letters patent, all choses in action pertaining to the applications or letters patent including the right to sue for and collect damages and other recoveries for past infringement thereof, all rights to initiate proceedings before government and administrative bodies, and all files, records and other materials arising from the prosecution, exploitation, or defense of rights and registrations pertaining to the applications or letters patent. Assignor hereby acknowledges that this assignment, being of Assignor's entire right, title and interest in and to said invention(s), carries with it the right in Assignee to apply for and obtain from competent authorities in all countries of the world any and all letters patent by attorneys and agents of Assignee's selection and

the right to procure the grant of all such letters patent to Assignee for its own name as assignee of the entire right, title and interest therein.

The Assignor authorizes and requests the Commissioner of the U.S. Patent and Trademark Office and any other official throughout the world whose duty is to register and record ownership information of patents, to record the Assignee as the owner of the Patent Property.

This Assignment may be executed by the Assignor and Assignee in separate and several counterparts, each of which shall be an original, but which together shall constitute one and the same instrument. An executed signature page of this Agreement delivered by facsimile or PDF transmission shall be as effective as an original executed signature page.

This Assignment shall be binding upon and inure to the benefit of the Parties and their respective successors and assigns.

(Signature Page Follows)

IN WITNESS WHEREOF, the parties have executed this Assignment as of the date set forth below.
