NOTICE OF GRANT OF A SECURITY INTEREST—PATENTS

This NOTICE OF GRANT OF A SECURITY INTEREST—PATENTS (this “*Notice of Grant of a Security Interest—Patents*”) is made as of August 24, 2017, by and among BACHARACH, INC., a Delaware corporation (the “*Grantor*”) and ANTARES CAPITAL LP, in its capacity as Administrative Agent for itself and the other Credit Parties (together with its successors and assigns in such capacity, the “*Grantee*”).

WHEREAS, the Grantor has entered into a First Lien Pledge and Security Agreement, dated August 24, 2017 (as amended, restated, supplemented, modified or otherwise changed from time to time, the “*Security Agreement*”), in favor of the Grantee; and

WHEREAS, pursuant to the Security Agreement, the Grantor has granted to the Grantee for the benefit of the Credit Parties, a continuing security interest in all right, title and interest of the Grantor in, to and under the Patents (other than any “intent-to-use” application for registration of a trademark), together with, among other things, the goodwill of the business symbolized by Patents owned by the Grantor, including those set forth on Schedule A hereto (the “*Collateral*”), to secure the payment, performance and observance of the Secured Obligations. Notwithstanding the foregoing, no grant of any security interest shall be deemed to have been granted hereunder in any Excluded Property and in no event shall the Collateral include any agreement that, by its terms, prohibits the grant of a security interest..

NOW, THEREFORE, as collateral security for the payment, performance and observance of all of the Secured Obligations, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor hereby pledges to the Grantee and grants to the Grantee, for the benefit of the Credit Parties, a continuing first priority security interest (subject to any prior security interests in respect of Permitted Liens permitted to be senior in accordance with the Credit Agreement) in the Collateral.

All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement.

The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Grantee with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein. In the event of any conflict between any provision herein and any provision of the Security Agreement, the Security Agreement shall control.

This Notice of Grant of a Security Interest—Patents may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart by facsimile or electronic mail shall be equally effective as delivery of an original executed counterpart.

IN WITNESS WHEREOF, the Grantor has caused this Notice of Grant of a Security Interest— Patent to be duly executed by its officer thereunto duly authorized as of the date first set forth above.

BACHARACH, INC.
