ASSIGNMENT

WHEREAS, Dan G. Siegel, Otacilio Teixeira Berbert, Kevin Philip Nelson, and Gregory Robert Pockat, hereinafter called the "Assignors," have invented a new and useful "Myoglobin Blooming Agent, Films, Packages and Methods for Packaging," a full description of which reference is here made to an application for a Letters Patent of the United States executed by them on the date herewith; and

WHEREAS, Curwood, Inc., a corporation organized and existing under the laws of the State of Delaware, having a principal office and place of business at 2200 Badger Avenue, Oshkosh, Wisconsin 54904, hereinafter called the "Assignee," is desirous of acquiring the entire right, title and interest in and to said invention, the patent application above-identified, and in, to and under any Letters Patent which may be obtained for said invention, as hereinafter more fully set forth;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for, and in consideration of, the sum of one dollar (\$1.00) and other valuable and legally sufficient considerations, the receipt of which by said Assignors from said Assignee is hereby acknowledged, said Assignors have sold, assigned and transferred, and by these presents do sell, assign and transfer unto said Assignee, the entire right, title and interest for the United States in and to the invention and patent application hereinabove identified, and any Letters Patent of the United States that may issue for said invention as well as all continuations, continuations-in-part, divisionals and reissues thereof, and any Letters Patents therefore in all countries foreign to the United States; to have and to hold for the sole and exclusive use and benefit of said Assignee, its successors and assigns to the full end of the term for which any and all of said Letters Patent for said invention that may issue;

AND, said Assignors do hereby covenant and agree, for themselves and their legal representatives, that they will assist said Assignee in the prosecution of the patent application herein identified; in the making and prosecution of any other applications for Letters Patent that said Assignee may elect to make covering the invention herein identified, as hereinbefore set forth, including any application for reissue, application for reexamination, or any proceeding in the United States Patent Office affecting said invention, investing in said Assignee like exclusive title in and to all such other applications and Letters Patent; and in the prosecution of any interference or reexamination which may arise involving said invention, or any patent application or Letters Patent herein contemplated; and that they will execute and

deliver to said Assignee any and all additional papers which may be requested by said Assignee to fully carry out the terms of this Assignment;

AND, the Commissioner for the United States Patent Office is hereby authorized and requested to issue any Letters Patent to said Assignee in accordance with the terms of this Assignment.
