SECTION H. CONFIRMATORY LICENSE

Title of Invention: Lithium Ion Pouch Cell and a Cell Module

Inventor(s): Keith Kepler, Robbert Vermeulen, Philip Hailey, Andy Larson

Patent Application Serial No: 14/164106,

Filing Date : January 24th, 2014

Patent Number:

Issue Date:

Name of Organization: Farasis Energy, Inc

ARPA-E Award / Contract No.: DE-AR0000270

The named Organization has reported the above-identified invention as a Subject Invention to DOE and has elected to retain title thereto.

This document is confirmatory of (1) the nonexclusive, nontransferable, irrevocable, paid-up, World-wide license in this subject invention, patent application, and any resulting patent (including any continuation, divisional, reissue, or supplemental application thereof) to practice or to have practiced for or on behalf of the United States throughout the world; (2) all other rights acquired by the Government through the intellectual property provisions of the above-identified contract/award; and (3) all intellectual property, licensing, and manufacturing requirements imposed by the above-identified contract/award.

It is understood and agreed that this license does not preclude the Government from (1) asserting rights under the provisions of the above-identified contract/award or any other agreement between the Government and the named Organization, or (2) asserting any other Government rights with respect to the above-identified subject invention.

The Government is hereby granted an irrevocable power to inspect and make copies of the above-identified patent application.

Signed this 24th _____ day of January _____, 20 14

Authorized Representative's Name and Title (Typed) Keith Kepler, CTO
