PATENT SECURITY AGREEMENT

PATENT SECURITY AGREEMENT dated as of August 31, 2017 (as amended, amended and restated, supplemented or otherwise modified, renewed or replaced from time to time, this “Patent Security Agreement”), between **SHELTERLOGIC CORP.**, a Delaware corporation (“Grantor”), and **GARRISON LOAN AGENCY SERVICES LLC**, in its capacity as administrative agent for itself and certain lenders (in such capacity, “Agent”).

WHEREAS, Grantor is the owner of the entire right, title, and interest in and to the patents and applications therefor described in Schedule A annexed hereto and made a part hereof; and

WHEREAS, Grantor, ShelterLogic Operations Canada, Ltd., a British Columbia corporation (“SL-Canada”), and Arrow Sheds Holdings, LLC, a Delaware limited liability company (“AS-Holdings” and together with Grantor and SL-Canada, collectively, the “Borrowers”), the other Obligors party thereto, the Lenders party thereto and Agent are parties to that certain Term Loan and Security Agreement, dated as of July 30, 2014 (including all annexes, exhibits and schedules thereto, and as amended, amended and restated, supplemented or otherwise modified, renewed or replaced from time to time, including as amended by the Fourth Amendment, the “Loan Agreement”), and various documents, instruments, guarantees and agreements delivered in connection therewith (all of the foregoing, together with this Patent Security Agreement and the Loan Agreement, as the same may now exist or may hereafter be amended, modified, restated, renewed, extended or supplemented, are collectively referred to herein as the “Loan Documents”), pursuant to which, among other things, the Lenders may make loans and certain other financial accommodations to or for the benefit of Borrowers from time to time;

WHEREAS, Grantor has unconditionally guaranteed the Obligations (as defined in the Loan Agreement) of the Obligors under the Loan Agreement and other Loan Documents;

WHEREAS, it is a requirement of the Loan Agreement and the other Loan Documents that, among other things, Grantor enter into this Patent Security Agreement in order to grant a security interest in the Collateral, as hereinafter defined, to Agent, for the benefit of itself and the Lenders, to secure the Obligations.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows.

A. **DEFINITIONS.**

Except as specifically defined in this Patent Security Agreement, capitalized terms used herein shall have the respective meanings given thereto in the Loan Agreement.

B. **SECURITY INTEREST.**

To secure the prompt payment and performance of all Obligations, Grantor hereby grants to Agent, for the benefit of itself and the Lenders, a continuing security interest in: (i) all of Grantor’s now existing or hereafter acquired right, title, and interest in and to all of Grantor’s

patents and patent applications, including (a) the patents and patent applications listed on Schedule A hereto as owned by Grantor (collectively, the “Patents”); (b) all continuations, divisionals, continuations-in-part, re-examinations, reissues, and renewals thereof and improvements thereon; (c) all income, royalties, damages and payments now and hereafter due or payable under and with respect thereto, including payments under all licenses entered into in connection therewith and damages and payments for past, present, or future infringements thereof; (d) the right to sue for past, present, and future infringements thereof; and (e) all of Grantor’s rights corresponding thereto throughout the world; (ii) any claim by Grantor against third parties for past, present or future infringement of any Patent or any Patent exclusively licensed under any license with respect thereto, including the right to receive damages, or right to receive license fees, royalties, and other compensation under any license with respect thereto (all of the foregoing are collectively referred to herein as the “Collateral”).

C. OBLIGATIONS SECURED.

The security interests granted to Agent, for the benefit of itself and the Lenders, by Grantor in this Patent Security Agreement shall secure the prompt payment and performance of each Obligor’s Obligations under the Loan Agreement and each of the other Loan Documents.

D. REPRESENTATIONS, WARRANTIES AND COVENANTS.

Grantor hereby covenants, represents and warrants, all of such covenants, representations and warranties being continuing in nature so long as any of the Obligations (other than contingent Obligations for which no claim has been asserted) are outstanding, that:

1. Grantor will pay and perform all of its Obligations and all other obligations to Lenders arising under this Patent Security Agreement, the Loan Agreement and the other Loan Documents according to their terms.

2. All of the existing Patents are valid and subsisting in full force and effect, and Grantor owns sole, full, and clear title thereto, and has the right and power to grant the security interests granted hereunder. Grantor will, at Grantor’s expense, perform all acts and execute all documents necessary to maintain the existence of the Patents as valid, subsisting and registered patents, including, without limitation, the filing of any renewal affidavits and applications. The Collateral is not subject to any liens, claims, mortgages, assignments, licenses, security interests, or encumbrances of any nature whatsoever except the security interests granted hereunder, the licenses, if any, which are specifically described in Schedule B hereto and Permitted Liens.

3. Except as otherwise permitted under the Loan Documents, (x) Grantor will not assign, sell, mortgage, lease, transfer, pledge, hypothecate, grant a security interest in or lien upon, or encumber, or grant an exclusive license relating thereto, except for Permitted Liens, or, (y) except in the Ordinary Course of Business, otherwise dispose of any of the Collateral without the prior written consent of Agent.

4. Grantor will, at Grantor’s expense, perform all acts and execute all documents requested at any time by Agent to evidence, perfect, maintain, record, or enforce the security interest in the Collateral granted hereunder or to otherwise further the provisions of this Patent

Security Agreement. Grantor hereby authorizes Agent to execute and file one or more financing statements (or similar documents) with respect to the Collateral signed (if applicable) only by Agent to evidence the security interest granted hereby. Grantor further authorizes Agent to have this and any other similar security agreement filed with the United States Patent and Trademark Office or other appropriate federal, state or government office.

5. Grantor will, concurrently with the execution and delivery of this Patent Security Agreement, execute and deliver to Agent a Power of Attorney in the form of Exhibit 1 annexed hereto for the implementation of the assignment, sale or other disposition of the Collateral pursuant to Agent's exercise of the rights and remedies granted to Agent hereunder and under the other Loan Documents and Agent shall only use such Power of Attorney in connection with such exercise of rights and remedies.

6. Subject to the provisions herein, Agent may, in its discretion at any time and from time to time, at Obligors' expense, pay any amount or do any act required of an Obligor under this Patent Security Agreement which Grantor has failed to pay or perform, to (a) enforce this Patent Security Agreement or collect any Obligations; (b) protect, insure, maintain or realize upon any Collateral; or (c) defend or maintain the validity or priority of Lenders' Liens in any Collateral, including, without limitation, any payment of all filing or recording fees, court costs, collection charges and reasonable attorney's fees. All payments, costs and expenses (including Extraordinary Expenses) of Agent under this Section shall be reimbursed by Grantor, on demand, with interest from the date incurred until paid in full, at the Default Rate. Any payment made or action taken by Agent under this Section shall be without prejudice to any right to assert an Event of Default or to exercise any other rights or remedies under the Loan Documents.

7. As of the date hereof, Grantor does not have any Patents registered, or subject to pending applications, in the United States Patent and Trademark Office or any similar office or agency in the United States other than those described in Schedule A annexed hereto.

8. Grantor shall notify Agent in writing of the filing of any application for the registration of a Patent with the United States Patent and Trademark Office or any similar office or agency in the United States or any state therein within 30 days after such filing. Upon request of Agent, Grantor shall execute and deliver to Agent any and all assignments, agreements, instruments, documents, and such other papers as may be reasonably requested by Agent to evidence the security interest of Agent, for the benefit of itself and Lenders, in such Patents.

9. Grantor has not abandoned any of the Patents and Grantor will not do any act, nor omit to do any act, whereby the Patents may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable. Grantor shall notify Agent immediately if it knows or has reason to know of any reason why any application, registration, or recording relating to any of the Patents may become abandoned, canceled, invalidated, unenforceable, avoided, or avoidable. Notwithstanding the foregoing, Grantor shall be permitted to abandon or otherwise dispose of Patents to the extent permitted under Loan Agreement.

10. Grantor will render any assistance, as Agent may determine in its Permitted Discretion is necessary, to Agent in any proceeding before the United States Patent and Trademark Office, any federal or state court, or any similar office or agency in the United States or any state

therein or any other country to maintain such application and registration of the Patents as Grantor's exclusive property and to protect Agent's interest, for the benefit of itself and the Lenders therein, including, without limitation, filing of renewals, affidavits of use, affidavits of incontestability and opposition, interference, and cancellation proceedings. Notwithstanding the foregoing, Grantor shall be permitted to abandon or otherwise dispose of Patents to the extent permitted under Loan Agreement

11. Grantor will promptly notify Agent of Grantor's filing a Patent infringement suit based upon any Patent. Grantor, at its expense, shall take such actions as reasonably requested by Agent to protect Agent's security interest, for the benefit of itself and the Lenders, in and to the Patents.

12. Grantor assumes all responsibility and liability arising from the use of the Patents and Grantor hereby indemnifies and holds Agent and its Affiliates harmless from and against any claim, suit, loss, damage, or expense (including reasonable attorneys' fees) arising out of any alleged defect in any product manufactured, promoted, or sold by Grantor (or any affiliate or subsidiary thereof) in connection with any Patent or out of the manufacture, promotion, labeling, sale or advertisement of any such product by Grantor (or any affiliate or subsidiary thereof).

13. In any action or proceeding instituted by Agent in connection with any matters arising at any time out of or with respect to this Patent Security Agreement, Grantor will not interpose any counterclaim of any nature, other than compulsory counterclaims.

E. EVENTS OF DEFAULT.

The breach by Grantor of any term, provision or condition hereunder or the occurrence or existence of any Event of Default, as such term is defined in the Loan Agreement, is referred to herein individually as an "Event of Default" and, collectively, as "Events of Default".

F. RIGHTS AND REMEDIES.

Upon the occurrence of any Event of Default and at any time thereafter, in addition to all other rights and remedies of Agent, whether provided under law, the Loan Documents or otherwise, and after expiration of any grace period, Agent shall have the following rights and remedies which may be exercised without notice to, or consent by, Grantor except as such notice or consent is expressly provided for hereunder.

1. Agent may make use of any Patents for the sale of goods, completion of work-in-progress or rendering of services in connection with enforcing any other security interest granted to Agent, for the benefit of itself and Lenders, by Grantor or any Subsidiary or Affiliate of Grantor.

2. Agent may grant such license or licenses relating to the Collateral for such term or terms, on such conditions, and in such manner, as Agent shall in its sole discretion deem appropriate. Such license or licenses may be general, special, or otherwise, and may be granted on an exclusive or non-exclusive basis throughout all or any part of the United States of America, its territories and possessions, and Canada.

3. Agent may assign, sell, or otherwise dispose of the Collateral or any part thereof pursuant to the terms of the Loan Agreement.

4. In addition to the foregoing, in order to implement the assignment, sale, or other disposition of any of the Collateral pursuant to subparagraph F.3 hereof, Agent may at any time execute and deliver on behalf of Grantor, pursuant to the authority granted in the Powers of Attorney described in subparagraph D.5 hereof, one or more instruments of assignment of the Patents (or any application, registration, or recording relating thereto), in form suitable for filing, recording or registration. Grantor agrees to pay Agent on demand all costs incurred in any such transfer of the Collateral, including, but not limited to, any taxes, fees, and reasonable attorneys' fees.

5. Agent may apply the proceeds actually received from any such license, assignment, sale, or other disposition of Collateral first to the reasonable costs and expenses thereof, including, without limitation, reasonable attorneys' fees and all reasonable legal, travel, and other expenses which may be incurred by Agent. Thereafter, Agent may apply any remaining proceeds to the Obligations in such order and manner as Agent determines in its sole discretion. Grantor shall remain liable to Agent for any expenses or obligations remaining unpaid after the application of such proceeds, and Grantor will pay Agent on demand any such unpaid amount, together with interest at the rate set forth in the Loan Agreement.

6. In the event that any such license, assignment, sale or disposition of the Collateral (or any part thereof) is made, Grantor shall supply to Agent or Agent's designee Grantor's customer lists and other records relating to the Patents and the distributions thereof.

Nothing contained herein shall be construed as requiring Agent to take any such action at any time. All of Agent's rights and remedies, whether provided under law, the Loan Documents, this Patent Security Agreement, or otherwise, shall be cumulative and none are exclusive. Such rights and remedies may be enforced alternatively, successively, or concurrently.

G. MISCELLANEOUS.

1. Any failure or delay by Agent to require strict performance by Grantor of any of the provisions, warranties, terms and conditions contained herein or in any other agreement, document, or instrument, shall not affect Agent's right to demand strict compliance and performance therewith, and any waiver of any default shall not waive or affect any other default, whether prior or subsequent thereto, and whether of the same or of a different type. None of the warranties, conditions, provisions, and terms contained herein or in any other agreement, document, or instrument shall be deemed to have been waived by any act or knowledge of Agent, its agents, officers, or employees, but only by an instrument in writing, signed by an officer of Agent and directed to Grantor, specifying such waiver.

2. All notices, requests and demands to or upon the respective parties hereto shall be in writing and shall be given in the manner and become effective as set forth in Section 11.4 of the Loan Agreement; provided, that, all communications and notices hereunder to Grantor shall be given to Grantor at the address set forth on the signature page hereof.

3. In the event any term or provision of this Patent Security Agreement conflicts with any term or provision of the Loan Agreement, the term or provision of the Loan Agreement shall control.

4. In the event that any provision hereof shall be deemed to be invalid by any court, such invalidity shall not affect the remainder of this Patent Security Agreement.

5. This Patent Security Agreement shall be binding upon and for the benefit of the parties hereto, the Lenders and their respective legal representatives, successors and assigns. No provision hereof shall be modified, altered or limited except by a written instrument expressly referring to this Patent Security Agreement signed by the party to be charged thereby.

6. The security interest granted to Agent, for the benefit of itself and Lenders, pursuant to this Patent Security Agreement shall terminate and, at Grantor's sole expense, be released or assigned, as necessary or proper to re-vest in Grantor the full title to the Collateral, upon termination of the Loan Agreement and indefeasible payment in full to Agent and the other Secured Parties of all Obligations (other than contingent Obligations for which no claim has been asserted) thereunder.

7. This Patent Security Agreement may be executed in counterparts, each of which shall constitute an original, but all of which when taken to together shall constitute a single contract, and shall become effective as to Grantor when a counterpart hereof executed on behalf of Grantor shall have been delivered to Agent, and a counterpart shall have been executed on behalf of Agent. Delivery of an executed signature page to this Patent Security Agreement by facsimile or other electronic transmission shall be as effective as delivery of a manually executed counterpart to this Patent Security Agreement.

8. THIS PATENT SECURITY AGREEMENT, UNLESS OTHERWISE SPECIFIED, SHALL BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK, WITHOUT GIVING EFFECT TO ANY CONFLICT OF LAW PRINCIPLES (BUT GIVING EFFECT TO FEDERAL LAWS RELATING TO NATIONAL BANKS); PROVIDED, HOWEVER, THAT IF THE LAWS OF ANY JURISDICTION OTHER THAN NEW YORK SHALL GOVERN IN REGARD TO THE VALIDITY, PERFECTION OR EFFECT OF PERFECTION OF ANY LIEN OR IN REGARD TO PROCEDURAL MATTERS AFFECTING ENFORCEMENT OF ANY LIENS IN COLLATERAL, SUCH LAWS OF SUCH OTHER JURISDICTIONS SHALL CONTINUE TO APPLY TO THAT EXTENT.

9. GRANTOR HEREBY CONSENTS TO THE NON-EXCLUSIVE JURISDICTION OF ANY FEDERAL OR STATE COURT SITTING IN NEW YORK COUNTY, IN ANY PROCEEDING OR DISPUTE RELATING IN ANY WAY TO ANY LOAN DOCUMENTS, AND AGREES THAT ANY SUCH PROCEEDING SHALL BE BROUGHT BY IT SOLELY IN ANY SUCH COURT. GRANTOR IRREVOCABLY WAIVES ALL CLAIMS, OBJECTIONS AND DEFENSES THAT IT MAY HAVE REGARDING SUCH COURT'S PERSONAL OR SUBJECT MATTER JURISDICTION, VENUE OR INCONVENIENT FORUM. EACH PARTY HERETO IRREVOCABLY CONSENTS TO SERVICE OF PROCESS IN THE MANNER PROVIDED FOR NOTICES

IN SECTION 11.4.1 OF THE LOAN AGREEMENT. Nothing herein shall limit the right of any party to serve process in any other manner permitted by Applicable Law. Nothing in this Patent Security Agreement shall be deemed to preclude enforcement by Agent of any judgment or order obtained in any forum or jurisdiction.

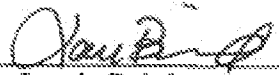

10. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, GRANTOR WAIVES (A) AND EACH OF AGENT AND THE LENDERS WAIVES THE RIGHT TO TRIAL BY JURY IN ANY PROCEEDING OR DISPUTE OF ANY KIND RELATING IN ANY WAY TO THIS PATENT SECURITY AGREEMENT OR ANY DOCUMENTS OR AGREEMENTS AT ANY TIME MADE IN CONNECTION THEREWITH OR TRANSACTIONS RELATING THERETO; (B) NOTICE PRIOR TO TAKING POSSESSION OR CONTROL OF ANY COLLATERAL; (C) ANY BOND OR SECURITY THAT MIGHT BE REQUIRED BY A COURT PRIOR TO ALLOWING SECURED PARTY TO EXERCISE ANY RIGHTS OR REMEDIES; (D) THE BENEFIT OF ALL VALUATION, APPRAISEMENT AND EXEMPTION LAWS; (E) ANY CLAIM AGAINST AGENT OR THE LENDERS ON ANY THEORY OF LIABILITY, FOR SPECIAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES (AS OPPOSED TO DIRECT OR ACTUAL DAMAGES) IN ANY WAY RELATING TO ANY ENFORCEMENT ACTION, OBLIGATIONS, LOAN DOCUMENTS (INCLUDING THIS PATENT SECURITY AGREEMENT) OR TRANSACTIONS RELATING THERETO; AND (G) NOTICE OF ACCEPTANCE HEREOF, IN EACH CASE TO THE EXTENT RELATED HERETO.

11. Grantor acknowledges that the foregoing waivers are a material inducement to Agent entering into this Patent Security Agreement and that Agent is relying upon the foregoing in their dealings with Grantor. Grantor has reviewed the foregoing waivers with its legal counsel and has knowingly and voluntarily waived its jury trial and other rights following consultation with legal counsel. In the event of litigation, this Patent Security Agreement may be filed as a written consent to a trial by the court.
