ASSIGNMENT

WHEREAS I/we, **Arnold Decarlo**, residing at **6294 Taylor St Frederick CO 80530** (the "Inventors") are the individual/joint inventors of an invention entitled **Rail and/or Endcap for an Architectural Covering** for which invention I/we have executed a United States design patent application bearing serial number 29/581,048, filed on October 14, 2016, and I/we are entitled to assign my/our entire right, title, and interest world-wide in and to the invention and any intellectual property protection for the invention; and

WHEREAS Hunter Douglas Inc. (the "Company"), having a place of business at 1 Blue Hill Plaza, Pearl River, NY 10965 USA, is desirous of obtaining our entire right, title, and interest world-wide in and to the invention and any intellectual property protection for the invention, or similar legal protection to be obtained therefor, including the US patent application and any Canadian patent application therefor;

NOW THEREFORE, in good and valuable consideration, I/we hereby sell, assign, and transfer to the Company, its successors, legal representatives, and assigns, my/our entire right, title, and interest world-wide in and to the invention and all rights, in and to and to file, applications for intellectual property protection, including, without limitation, all applications for patents, utility models, and designs, whether original, divisional, continuation, continuation-in-part, renewal, reissue, reexaminations, substitutes, inventor certificates, or the like, now on file or subsequently filed, for the invention world-wide, together with the right to file such applications and the right to claim for such applications the priority rights derived from any application filed throughout the world in respect of the invention under any national or international intellectual property laws or agreements and any intellectual property protection including, without limitation, patents, utility models, and designs, now or hereafter granted, for the invention world-wide, and any extensions, renewals, reissues, or the like thereof all rights to any legal equivalent thereof in a foreign country such as patents of addition, utility models, patents of importation, revalidation patents and inventor certificates. I/we, our successors and assigns, in accordance with this Assignment hereby transfer all rights of action, power, and benefit belonging to or accruing from the invention including the right to undertake proceedings to recover past, present, and future damages or profits and claim all other relief or remedies in respect of any acts of infringement thereof whether such acts shall have been committed before or after the date of this assignment.

FURTHER I/we hereby authorize and request any official of any state, responsible for issuing patents or other evidence or forms of any intellectual property protection, to issue the same for the invention to the Company, its successors, legal representatives and assigns, in accordance with this assignment for the Company's sole use and benefit, and for the use and benefit of the Company's successors and assigns, to the full end of the term for which any such patent may be grants.

ALSO I/we hereby agree that I/we have the full right to convey our entire right, title and interest in and to the invention world-wide and all applications for intellectual property protection for the invention world-wide and that we have not executed, and will not execute, any agreement in conflict with this assignment.

MOREOVER I/we hereby agree that we will communicate to the Company, its successors, legal representatives and assigns any facts known to me/us respecting the invention and testify in any legal proceeding, sign any lawful papers, execute any original, divisional, continuation and reissue applications, make any rightful oaths, and generally do everything possible to aid the Company, its successors, legal representatives and assigns to obtain and enforce proper protection for the invention world-wide.

FURTHER I/we hereby agree that this assignment is to be considered effective as of the earlier of (1) the date of execution herein below or (2) the filing date of the first-filed patent application, and we hereby authorize the Company, its successors and assigns, or anyone it may properly designate, to insert in this instrument the number of the first-filed patent application.

I/we authorize the Company or its legal representative to insert in this instrument the filing date, serial number, and any other information that may be necessary or desirable in order to comply with the rules of the U.S. Patent and Trademark Office or any other domestic or foreign government entity for the recordation of this document.
