Exhibit A

PATENT ASSIGNMENT

This PATENT ASSIGNMENT is given effective as of January 6, 2011, by and between Infinitrak LLC, a Delaware limited liability company, with offices in Valley City, Ohio 44280 (hereinafter "Assignor") and Torotrak (Development) Limited (hereinafter "Assignee").

WHEREAS, Assignor has agreed to assign all its right, title and interest in and to the patents and patent applications set forth on the attached Schedule A (all of which are collectively referred to hereinafter as the "Patents") to Assignee,

NOW, THEREFORE, in consideration of the mutual promises set forth herein and in an agreement between the Assignor and Assignee, the parties hereby intending to be legally bound agree as follows:

Assignor has sold, assigned, and transferred and does hereby sell, assign, and transfer unto Assignee, its successors and assigns, Assignor's entire right, title, and interest in and to the Patents listed in Schedule A hereto attached, and any divisions or continuations thereof, and the inventions therein disclosed, and any patent or patents that may be issued or reissued thereon, and Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any letters patent thereon, and reissues thereof, to said Assignee, its successors and assigns; and Assignor hereby authorizes said Assignee, its successors and assigns, to file in its own name applications for patent in any jurisdiction throughout the world in connection with the inventions hereby transferred, under the International Convention, the European Patent Convention and/or the Patent Cooperation Treaty, claiming the priority of said Patents or otherwise, and to secure in its own name the patent or patents issued thereon.

Assignor acknowledges that from time to time after the date of execution of this Patent Assignment and upon request by Assignee, Assignor will cooperate with Assignee to execute such further conveyance instruments as may be necessary or desirable in order to evidence more fully the transfer of ownership of the Patents to Assignee or to record title to the patents with the appropriate authorities throughout the world. Assignor further agrees to provide testimony in connection with any proceeding affecting the right, title, interest, or benefit of Assignee in and to the Patents and to perform any other acts deemed necessary to carry out the intent of this Patent Assignment. Assignee shall reimburse Assignor for costs reasonably incurred by Assignor in performance under this paragraph.
