## INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (this “*Assignment*”) is made and entered into as of June 21, 2017, by and between Halt Medical, Inc., a Delaware corporation (“*Assignor*”), and Acesa Health Inc., a Delaware corporation (“*Assignee*”). All capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Asset Purchase Agreement, dated as of April 12, 2017, by and between Assignor and Assignee (the “*Purchase Agreement*”).

### RECITALS

WHEREAS, Assignor and Assignee have entered into the Purchase Agreement, pursuant to which Assignor is selling, assigning, transferring and delivering to Assignee the Purchased Assets (as defined in the Purchase Agreement);

WHEREAS, the Purchased Assets include Assignor’s rights of any kind or nature to all intellectual property held, licensed, used or held for use in the Assignor’s business as currently conducted (the “*Assigned Intellectual Property*” as described in Section 1 below), including, but not limited to, those properties and rights described in Exhibit A attached hereto and made a part hereof; and

WHEREAS, pursuant to the terms of the Purchase Agreement, Assignee desires to purchase, acquire and accept from Assignor all right, title and interest in and to the Assigned Intellectual Property.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and with the intention of being legally bound hereby, the Assignor hereby agrees as follows:

1. Assignment. Assignor does hereby sell, assign, transfer and set over unto Assignee all of Assignor’s right, title and interest in and to the Assigned Intellectual Property free and clear of all Encumbrances (other than Permitted Encumbrances), with the Assigned Intellectual Property including, but not limited to, all intellectual property rights of any kind or nature arising out of or related to the following:

- (a) trade or brand names, business names, trademarks and service marks (including the trade name Halt Medical and Acesa trade names, and all logos), trademark and service mark registrations and applications and the goodwill of the business connected with the use of and symbolized by any of the foregoing;
- (b) software, Domain Names, copyrights, copyright registrations and applications, issued patents, patent applications and any other rights to proprietary creations or inventions;
- (c) trade secrets, proprietary or confidential information and know-how, parts lists and descriptions, instruction manuals, inventions, data, blue prints, drawings and designs, formulae, processes, ideas, concepts, specifications, methods, models, methodologies, reports, customer and other contact lists, business plans, surveys, market research studies and technology, only to the extent that such intellectual property relates to Assignor’s business;

- (d) all rights in and to any of the foregoing, including the right to sue, recover damage, costs, and attorneys' fees for past and present infringement or misappropriation of any of the foregoing; and
- (e) all rights corresponding thereto throughout the world, as fully and entirely as the same would have been held and enjoyed by such Assignor had this Assignment and sale not been made.

2. Transfer Documents; Further Assurances. Assignor further agrees that, when requested, Assignor will, without demanding any further consideration therefor, do all lawful and just acts, including the execution and acknowledgement of instruments, that may be or become necessary for maintaining and perfecting Assignee's right to the Assigned Intellectual Property and to render all necessary assistance in making application for and obtaining registration of the Assigned Intellectual Property with the U.S. Patent and Trademark Office or U.S. Copyright Office or in any and all foreign countries, and in enforcing any rights or causes of action accruing as a result of such applications or the Assigned Intellectual Property, by giving testimony in any proceedings or transactions involving such applications or the Assigned Intellectual Property, and by executing preliminary statements or other affidavits, it being understood that this Assignment and the foregoing covenants and agreements shall bind, and shall inure to the benefit of, the respective successors, assigns and legal representatives of Assignor and Assignee. Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office, the Register of Copyrights in the United States Copyright Office, and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Assignment upon request by Assignee.

3. Subject to the Purchase Agreement. This Assignment, including its terms and conditions, is and shall be limited by and is subject to all of the terms and conditions of the Purchase Agreement, which are incorporated herein by this reference. Nothing in this Assignment, express or implied, is intended or shall be construed to expand or defeat, impair or limit in any way the rights, obligations, claims or remedies of Assignor or Assignee as set forth in the Purchase Agreement. In the event of any conflict between this Assignment and the Purchase Agreement, the Purchase Agreement shall control.

4. Third Parties. Nothing in this Assignment, express or implied, is intended or shall be construed to confer upon, or give to, any person, corporation or other entity, other than Assignor and Assignee and their permitted successors or assigns, any rights, remedies, obligations or liabilities.

5. Governing Law. This Assignment, including the validity hereof and the rights and obligations of the parties hereunder, shall be construed in accordance with and governed by the laws of the State of Delaware applicable to contracts made and to be performed entirely in such state without giving effect to the conflicts of laws principles thereof.

6. Successors and Assigns. This Assignment is executed pursuant to the Purchase Agreement and is entitled to the benefits and subject to the provisions thereof and shall bind and inure to the benefit of the successors and assigns of each party hereto, whether or not so expressed.

7. Amendment, Waiver and Termination. This Assignment cannot be amended, waived or terminated except in writing signed by Assignor and Assignee.

8. Headings; Execution in Counterparts. The section headings and captions contained herein are for convenience of reference only and shall not control or affect the meaning or construction of any provision hereof. This Assignment may be executed in any number of counterparts (including by fax and

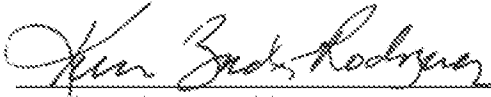

.pdf), each of which shall be deemed to be an original and all of which together shall be deemed to be one and the same instrument.

## SUPPLEMENTAL INTELLECTUAL PROPERTY ASSIGNMENT

THIS SUPPLEMENTAL INTELLECTUAL PROPERTY ASSIGNMENT (this "*Supplemental Assignment*") is made and entered into as of September 1, 2017, by and between Halt Medical, Inc., a Delaware corporation ("*Assignor*"), and Acesa Health Inc., a Delaware corporation ("*Assignee*"), *nunc pro tunc*, now for then, effective as of June 21, 2017. This Supplemental Assignment is in addition to the Intellectual Property Assignment dated as of June 21, 2017, by and between Assignor and Assignee. All capitalized terms used but not otherwise defined herein shall have the meanings ascribed to such terms in the Asset Purchase Agreement, dated as of April 12, 2017, by and between Assignor and Assignee (the "*Purchase Agreement*").

### RECITALS

WHEREAS, Assignor and Assignee have entered into the Purchase Agreement, pursuant to which Assignor is selling, assigning, transferring and delivering to Assignee the Purchased Assets (as defined in the Purchase Agreement);

WHEREAS, the Purchased Assets include Assignor's rights of any kind or nature to all intellectual property held, licensed, used or held for use in the Assignor's business as currently conducted (the "*Assigned Intellectual Property*" as described in Section 1 below), including, but not limited to, those properties and rights described in Exhibit A attached hereto and made a part hereof; and

WHEREAS, pursuant to the terms of the Purchase Agreement, Assignee desires to purchase, acquire and accept from Assignor all right, title and interest in and to the Assigned Intellectual Property.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and with the intention of being legally bound hereby, the Assignor hereby agrees as follows:

1. Assignment. Assignor does hereby sell, assign, transfer and set over unto Assignee all of Assignor's right, title and interest in and to the Assigned Intellectual Property free and clear of all Encumbrances (other than Permitted Encumbrances), with the Assigned Intellectual Property including, but not limited to, all intellectual property rights of any kind or nature arising out of or related to the following:

(a) trade or brand names, business names, trademarks and service marks (including the trade name Halt Medical and Acesa trade names, and all logos), trademark and service mark registrations and applications and the goodwill of the business connected with the use of and symbolized by any of the foregoing;

(b) software, Domain Names, copyrights, copyright registrations and applications, issued patents, patent applications and any other rights to proprietary creations or inventions;

(c) trade secrets, proprietary or confidential information and know-how, parts lists and descriptions, instruction manuals, inventions, data, blue prints, drawings and designs, formulae, processes, ideas, concepts, specifications, methods, models, methodologies, reports, customer and other contact lists, business plans, surveys, market research studies and technology, only to the

extent that such intellectual property relates to Assignor's business;

(d) all rights in and to any of the foregoing, including the right to sue, recover damage, costs, and attorneys' fees for past and present infringement or misappropriation of any of the foregoing; and

(e) all rights corresponding thereto throughout the world, as fully and entirely as the same would have been held and enjoyed by such Assignor had this Supplemental Assignment and sale not been made.

2. Transfer Documents: Further Assurances. Assignor further agrees that, when requested, Assignor will, without demanding any further consideration therefor, do all lawful and just acts, including the execution and acknowledgement of instruments, that may be or become necessary for maintaining and perfecting Assignee's right to the Assigned Intellectual Property and to render all necessary assistance in making application for and obtaining registration of the Assigned Intellectual Property with the U.S. Patent and Trademark Office or U.S. Copyright Office or in any and all foreign countries, and in enforcing any rights or causes of action accruing as a result of such applications or the Assigned Intellectual Property, by giving testimony in any proceedings or transactions involving such applications or the Assigned Intellectual Property, and by executing preliminary statements or other affidavits, it being understood that this Supplemental Assignment and the foregoing covenants and agreements shall bind, and shall inure to the benefit of, the respective successors, assigns and legal representatives of Assignor and Assignee. Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office, the Register of Copyrights in the United States Copyright Office, and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Supplemental Assignment upon request by Assignee.

3. Subject to the Purchase Agreement. This Supplemental Assignment, including its terms and conditions, is and shall be limited by and is subject to all of the terms and conditions of the Purchase Agreement, which are incorporated herein by this reference. Nothing in this Supplemental Assignment, express or implied, is intended or shall be construed to expand or defeat, impair or limit in any way the rights, obligations, claims or remedies of Assignor or Assignee as set forth in the Purchase Agreement. In the event of any conflict between this Supplemental Assignment and the Purchase Agreement, the Purchase Agreement shall control.

4. Third Parties. Nothing in this Supplemental Assignment, express or implied, is intended or shall be construed to confer upon, or give to, any person, corporation or other entity, other than Assignor and Assignee and their permitted successors or assigns, any rights, remedies, obligations or liabilities.

5. Governing Law. This Supplemental Assignment, including the validity hereof and the rights and obligations of the parties hereunder, shall be construed in accordance with and governed by the laws of the State of Delaware applicable to contracts made and to be performed entirely in such state without giving effect to the conflicts of laws principles thereof.

6. Successors and Assigns. This Supplemental Assignment is executed pursuant to the Purchase Agreement and is entitled to the benefits and subject to the provisions thereof and shall bind and inure to the benefit of the successors and assigns of each party hereto, whether or not so expressed.

7. Amendment, Waiver and Termination. This Supplemental Assignment cannot be amended, waived or terminated except in writing signed by Assignor and Assignee.

8. Headings; Execution in Counterparts. The section headings and captions contained herein are for convenience of reference only and shall not control or affect the meaning or construction of any provision hereof. This Supplemental Assignment may be executed in any number of counterparts (including by fax and .pdf), each of which shall be deemed to be an original and all of which together shall be deemed to be one and the same instrument.
