### **STAVE COOLER SYSTEM AND METHOD**

for which a provisional patent application was filed on September 12, 2016 in the United States Patent & Trademark Office as Application No. 62/393,149;

AND WHEREAS **A. H. Tallman Bronze Company, Limited**, of 2220 Industrial Street, Burlington, Ontario, L7P 1A1, Canada, Canada (the "Assignee"), has acquired from the Assignors the whole right, title and interest for Canada, the United States of America and all other countries in and to the said invention and said application, in and to any Letters Patent that may be obtained therefor, and in and to the right to sue for past infringement and to collect for all past, present and future damages;

NOW THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of all of which is hereby acknowledged, the Assignors confirm that they have sold, assigned and transferred and do hereby sell, assign, and transfer unto the said Assignee and its successors and assigns, the Assignors' full and exclusive right to the said invention in Canada, the United States of America and all other countries and their entire right, title and interest in and to the said provisional application, and in and to any and all patent or design patent applications or similar applications (the "Regular Applications") in which priority is claimed from the said provisional application, and in and to any Letters Patent which may be granted therefor, and in and to any divisions, continuations, continuations-in-part and extensions of any of the Regular Applications.

The Assignors hereby authorize and request the United States Commissioner of Patents and Trademarks to issue said Letters Patent to the Assignee, for its sole use and benefit, and for the use and benefit of its successors and assigns, to the full end of the term for which Letters Patent may be granted, as fully and entirely as the same would have been held by the Assignors had this assignment and sale not been made.
