ASSIGNMENT

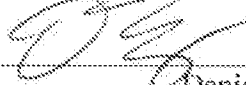

I, Daniel R. Trojan, residing at 2534 East Amberwood Drive, Phoenix, AZ 85048; I, Richard Ciszek, residing at 5455 South 47<sup>th</sup> Place, Phoenix, AZ 85040; and I, Clifford Daniel, residing at 2017 East Lodge Drive, Tempe, AZ 85283, (hereinafter called "Assignors"); represent that We have invented improvements in a new and useful CHEMICAL MECHANICAL PLANARIZATION CARRIER SYSTEM for which We have executed an application for Letters Patent of the United States of America.

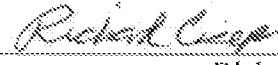

Axus Technology, LLC, a limited liability company organized and existing under the laws of the State of Arizona, having a place of business at 7001 West Erie Street, Suite 1, Chandler, AZ 85226 (hereinafter called "Assignee"), desires to acquire the entire right, title and interest in the said patent and invention, and to any United States and foreign patents to be obtained therefor;

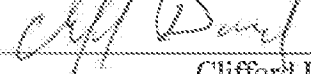

For valuable consideration, the receipt and legal sufficiency of which Assignors acknowledge, Assignors have sold and do hereby sell, assign, transfer and set over unto Assignee, its successors and assigns, the entire right, title and interest in and to the invention and all improvements thereon, in and to the Patent, in and to any other applications pertaining to or based upon the invention and application, including divisional and continuing applications and continuations-in-part, and in and to any and all letters patent which may be granted and issued on the invention and applications, or any of them, in the United States of America, its territories and possessions, and in all countries foreign thereto, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment.

Assignors also agree that they will, at the request of Assignee, execute any and all applications for letters patent for the invention, execute any and all other papers and documents and do all other and further lawful acts that Assignee may deem necessary or desirable to obtain letters patent on the invention, to secure the grant of such letters patent and to protect and vest in Assignee the undivided interests in the right, title and interest in the invention, applications and letters patent.

Assignors also authorize and empower Assignee, its successors and assigns to apply for and obtain, in its or their own names, letters patent for the invention before competent International Authorities and in any and all countries foreign to the United States in which applications for letters patent can be so made or letters patent so obtained.
