Docket No. 52235-010600-R009

**ASSIGNMENT**

WHEREAS, We, **MICHAEL LINDAHL, ANDRE YEW, MALLORY MORGAN GREEN II, MICHAEL JOHNSON, ALLAN CRAIG FRANKLIN, DANIEL O'DOWD, and NEIL PUTHUFF**, the undersigned inventors (ASSIGNORS), have invented **POST-EXECUTION SOFTWARE DEBUGGER WITH EVENT DISPLAY**, for which we have filed an application for Letters Patent of the United States on July 23, 2004, and which was given **U.S. Patent Application No. 10/897,750**; each of us has executed the application concurrently with executing this assignment; we are the joint owners of this invention and improvements; and

WHEREAS, **GREEN HILLS SOFTWARE, INC.**, is a corporation organized and existing under the laws of the State of California, having a place of business at 30 West Sola Street, Santa Barbara, California, the ASSIGNEE herein, desires to acquire the entire right, title and interest in and to said inventions, applications and Letters Patent to be granted and issued thereon;

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) by the ASSIGNEE to each of us paid, and other valuable consideration, the receipt and legal sufficiency of all of which we acknowledge, we, the ASSIGNORS, have sold and do hereby sell, assign, transfer and set over unto the ASSIGNEE, its successors and assigns, the entire right, title and interest:

- in and to the inventions and all improvements thereon,
- in and to the application for letters patent thereon,
- in and to applications pertaining to or based upon the inventions and applications, including divisional and continuing applications and continuations-in-part,
- in and to any and all letters patent which may be granted and issued on the inventions and applications, or any of them, not only for, to and in the United States of America, its territories and possessions, but for, to and in all foreign countries, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment, and
- in and to any right to sue for past infringement of the inventions, improvements, applications and letters patent.

And for the above-named considerations, we agree that we will, at the request of the ASSIGNEE, execute any and all applications for letters patent for the inventions and any and all other papers and documents and do all other and further lawful acts that the ASSIGNEE may deem necessary or desirable to obtain letters patent on the inventions, to secure the grant of such letters patent and to perfect and vest in the ASSIGNEE the entire right, title and interest in the inventions, applications and letters patent.

And for the above-named considerations, we authorize and empower the ASSIGNEE, its successors and assigns, to apply for and obtain, in its or their own names, letters patent for the inventions before competent International Authorities including the World Intellectual Property Organization and in any and all foreign countries in which applications for letters patent can be so made or letters patent so obtained
