## ASSIGNMENT

### UNITED STATES PATENT APPLICATION

WHEREAS, I, Athanasios LEONTARIDIS of 5, Kalafati Str., 17671 Kallithea Attica, Greece, (hereinafter the "Assignor") has invented certain new and useful improvements in "External lock assembly with a pair of locking bolt members for sliding doors or windows incorporating an immobilizer device of at least one locking bolt member at locked condition", (hereinafter the "Invention") for which I have made an application for LETTERS PATENT OF THE UNITED STATES, filed March 9, 2016, and having application No. 15/065,314 and which claims priority to Greek patent Application No. GR-20150100123, filed on March 9, 2015.

AND WHEREAS, CAL-TECH INTERNATIONAL INC, having a corporate headquarters located at 17800 Atlantic Blvd, Apt. 603 Sunny Isles Beach, FL 33160-2775 U.S.A., a corporation of the United States, (hereinafter the "Assignee") is desirous of acquiring the entire right, title and interest to any United States LETTERS PATENT that may be granted for the Invention and based upon the above application and the entire right, title and interest to make, use and sell the Invention within the United States of America and its territorial possessions.

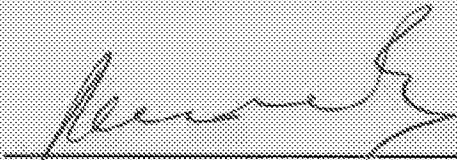

NOW, THIS INDENTURE WITNESSETH, that for and in consideration of a sum of Ten Euros, in hand paid to me, and other good and valuable consideration, the receipt of which is hereby acknowledged, I do hereby assign, sell and transfer to the Assignee the entire right, title and interest in and to the Invention for LETTERS PATENT of the United States, and in and to all divisions and continuations of the application, and in and to any LETTERS PATENT of the United States and all reissues and extensions thereof that may be granted, together with all rights of priority granted by local laws and treaties including any international convention, for the protection of industrial property, together with the right to extend the protection for the LETTERS PATENT to the various territorial possessions now owned or which may be hereafter acquired by the United States of America, all said rights to be held and enjoyed by the Assignee for its own use and behoof and for the use and behoof of its successors or assigns, to the full end of the term for which such LETTERS PATENTS may be granted, as fully and entirely as the same would have been held and enjoyed by me if this assignment sale had not been made. I do hereby request and authorize that any and all LETTERS PATENT, when granted, be issued in accordance with this assignment to the Assignee.

In further consideration of the sum of Ten Euros, and the other good and valuable consideration, to me paid, I covenant and agree with the Assignee that he has a full and unencumbered title to the Invention hereby assigned, which title I warrant

unto the Assignee, and I further agree that I will, without demanding any further consideration therefor, at the request but at the expense of the Assignee, do all lawful and just acts, including the execution and acknowledgment of instruments, furnishing of information, and giving of testimony that may be or become necessary for obtaining, sustaining, or reissuing United States and foreign LETTERS PATENTS for the invention, and for maintaining and perfecting the Assignee's right to the invention and LETTERS PATENT, particularly in cases of interference and litigation.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed my signature, this 6 day of October 2016

Signed at Athens Greece  
(city, state/providence) (country)
