ASSIGNMENT

WHEREAS, the undersigned has made a certain new and useful invention for a "Method and Apparatus for Repairing a Length of Pipe or a Main/Lateral Pipe Junction" for which the undersigned is about to file a patent application in the United States Patent and Trademark Office for Letters Patent of the United States thereon. I hereby authorize and request the attorneys at Nyemaster Goode, P.C. to insert the filing date and application number of said patent application in the following blanks when known, Serial No. 15/785,622 filed October 17, 2017(the "Patent").

WHEREAS, LMK Technologies, LLC, a limited liability company organized under the laws of the State of Delaware, located and doing business at 1779 Chessie Lane, Ottawa, IL 61350, USA ("Assignee"), is desirous of acquiring the entire interest in and to the Patent and the invention covered by it.

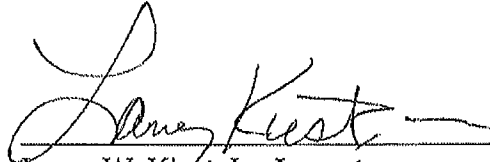

NOW, THEREFORE, in consideration of One (1) Dollar and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned does hereby sell, assign, and transfer to Assignee and the legal representatives, successors, and assigns of the Assignee, the entire right, title and interest in and to: (1) the invention described in the Patent, including all know-how relating thereto; and (2) the Patent, including any and all subsequent related applications and issued patents, including continuation applications, divisional applications, continuation-in-part applications, international applications, foreign/national phase applications, and any reissue or reissues of the Patent, the same to be held and enjoyed by the Assignee as fully and entirely as the same would have been held and enjoyed by the undersigned had this assignment and sale not been made, and together with all claims for damages by reason of past infringement of the Patent with the right to sue for and collect the same for the Assignee's own use.

The undersigned also covenants and agrees with the Assignee that the undersigned has the full right to convey the interest sold and assigned and has not executed and will not execute any writing or do any act whatsoever in conflict with the rights and interest assigned; and that the undersigned will at any time upon request, without further or additional consideration, but at the expense of the Assignee: execute such additional assignments and other documents and do such additional acts as the Assignee may deem necessary or desirable to perfect or confirm this assignment and the Assignee's enjoyment of the rights acquired; and aid in enforcing any rights accruing as a result of the Patent by giving testimony in any proceedings or transactions involving the Patent and by cooperating in the execution of documents, statements, affidavits, etc. that may be required in any such proceeding or transaction.

Patent and by cooperating in the execution of documents, statements, affidavits, etc. that may be required in any such proceeding or transaction.

It is understood that the foregoing covenants and agreements shall bind the legal representatives of the undersigned and inure to the benefit of the legal representatives, successors and assigns of the Assignee.

Effective the 9th day of October, 2017.

Larry W. Kiest, Jr., Inventor
