ASSIGNMENT

This Assignment is made by the Board of Regents of the University of Nebraska (“Assignor”), a public body corporation of the State of Nebraska having offices at 3835 Holdrege Street, Lincoln, Nebraska, 68583-0745, to NUtech Ventures (“Assignee”), a 501(c)(3) supporting organization of Assignor, having offices at 2021 Transformation Drive, Suite 2220, Lincoln, NE 68508.

WHEREAS, Assignee and Assignor have entered into a Technology Commercialization Services Agreement dated January 1, 2014 (the “Technology Agreement”), wherein Assignor agreed to assign to Assignee, and Assignee agreed to accept from Assignor, certain Intellectual Property owned by Assignor, including invention disclosures, know how, patents and patent applications;

WHEREAS, Assignor is the sole owner of the entire right, title and interest in the Intellectual Property listed and described in Exhibit A, attached hereto (the “Intellectual Property”), as well as all related foreign and domestic patents, patent applications, provisional applications, Divisionals, Continuations, Continuations-in-part, Reissues, Re-examinations, Certificates of Invention, and the like that may issue from, or which derive priority from, the Intellectual Property. Assignor represents that Assignor has the full right to convey the interest assigned by this Assignment, and that Assignor has not executed and will not execute any agreement in conflict with this Assignment.

WHEREAS, Assignor and Assignee desire to have a recordable instrument assigning the entirety of Assignor’s rights, title and interest in and to said Intellectual Property.

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby

acknowledged, Assignor assigns and transfers to Assignee, the entirety of Assignor's rights, title and interest in and to said Intellectual Property, including any and all patent applications and Letters Patents, trademarks and copyrights that may be issued from, related to, or claims the benefit of priority to, said Intellectual Property in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim, for any such foreign applications, any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignor agrees that, upon request and without further compensation, but at no expense to the Assignor, Assignor and Assignor's legal representatives and assigns will perform all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patents in the United States and throughout the world for said inventions, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said inventions, said applications, and any Letters Patents granted for said inventions in the United States and throughout the world.

Assignor represents and warrants that Assignor has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Director of the United States Patent and Trademark Office and all foreign countries to issue any Letters Patent granted for said inventions, whether on said applications or any subsequently filed Divisionals, Continuations, Continuations-in-part or Reissue applications, to Assignee, its successors and assigns.

Executed below, by the indicated individual having signatory authority on behalf of the Assignor, Board of Regents of the University of Nebraska.
