ASSIGNMENT

WHEREAS, Glenn Clark of 45 Horobin Drive, Fall River, Nova Scotia, B2T 1E6 and Colin Morrell of 2086 Maynard Street, Halifax, Nova Scotia, B3K 3T4 (hereinafter referred to as the "Assignor"), are the owners of the entire right, title and interest in and to the inventions described the patents referred to in Schedule "A" attached hereto (the "Patents");

WHEREAS, Clean Earth Technologies Inc. (hereinafter referred to as the "Assignee"), a Canadian corporation having a place of business at 203 Aerotech Drive, Halifax, Nova Scotia Canada, is desirous of acquiring the entire right, title and interest in and to the Patents;

NOW, THEREFORE, for valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the Assignor hereby sells, assigns and transfers unto the Assignee, the entire right, title and interest in and to the Patents and claims to the invention(s) and discoveries disclosed therein, and any continuations or divisions thereof and all priority rights derived therefrom, and in and to any and all patent applications and any continuations or divisions thereof filed in any country claiming priority of a Patent, and in and to all Letters Patent which may be granted upon patent applications filed in any and all countries in the world including the United States of America, claiming priority of a Patent, and in and to any and all reissues, substitutions, or prolongations thereof; the same to be held and enjoyed by the Assignee for its own use, and for the use of its successors and assigns, to the full end of the term or terms for which said Letters Patent, or reissues, substitutions, or prolongations thereof may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment and sale not been made and the patents issued and reissued thereon, the renewals therefor and all claims for past or future infringement thereof.

The Assignor hereby authorizes and requests any official whose duty it is to issue patents to issue each and every Letters Patent to be granted upon the aforesaid applications in any and all countries, and each and every reissue of said Letters Patent, to the Assignee, its successors and assigns, as the assignee of his entire right, title and interest therein, in accordance with this assignment.

The Assignor agrees to execute all instruments and documents required for the making and prosecution of applications letters patent on said Assigned Interests, for litigation regarding said letters patent, or for the purpose of protecting title to said invention or letters patent therefor.
