ASSIGNMENT

WHEREAS, I, Nils A. Bergman of Plymouth, Minnesota, U.S.A., have invented or co-invented new and useful improvements in Power Distribution Module (the "Invention") for which a U.S. provisional patent application was filed on January 31, 2017 and assigned an application serial number of 62/452,720, (the "Provisional Patent Applications") and for which a U.S. non-provisional patent application (the "Non-Provisional Patent Application") will be filed and a patent application under the Patent Cooperation Treaty (the "PCT Patent Application") may be filed (the Provisional Patent Applications, the Non-Provisional Patent Application and the PCT Patent Application collectively are referred herein to as the "Patent Applications"); I hereby authorize the attorney, Thomas B. McGurk, 200 Galleria Parkway SE, Suite 1805, Atlanta, GA 20339, USA to insert herein in parentheses the official filing dates and application serial numbers of the Non-Provisional Patent Application and the PCT Patent Application when known:

(July 20, 2017 / 15/655,594),
(_____ / _____); and,

WHEREAS, Murrelektronik, Inc., a Georgia Corporation, having a business address of 1327 Northbrook Parkway, Suite 460, Suwanee, GA 30024 is desirous of acquiring the entire right, title, and interest in and to the Invention and the Patent Applications including all rights to sue for past or future infringement of any Patent that issues based on any one or more of the Patent Applications and any other patent that may issue with a direct or indirect claim for priority to any one or more of the Patent Applications;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are acknowledged, I, Nils A. Bergman, do hereby sell, assign, and transfer unto Murrelektronik, Inc. the

entire right, title and interest in and to the Invention and the Patent Applications throughout the world, including, without limitation, (1) any Patent which may issue as a result of any one or more of the Patent Applications, (2) all patent applications claiming priority to any one or more of the Patent Applications including any reissue, reexamination, division, continuation-in-part, extension or continuation of any one or more of the Patent Applications ("Related Applications"), and (3) all rights of priority under the International Convention arising from any one or more of the Patent Applications; such that Murrelektronik, Inc. including its legal representatives and assigns, owns all these interests as fully and entirely as those interests would have been owned by me had I not executed this Assignment;

AND, I bind myself, my heirs, legal representatives, administrators and assigns properly to execute without further consideration any and all applications, petitions, oaths and assignments or other papers and instruments which may be necessary in order to carry into full force and effect, the sale, assignment, transfer and conveyance made or intended to be made with this Assignment and generally do everything reasonably possible to aid Murrelektronik, Inc. or its legal representatives and assigns to obtain and enforce proper protection for the invention in all countries throughout the world.

AND, this Assignment represents the entire agreement between Nils A. Bergman and Murrelektronik, Inc. in connection with the Invention and the Patent Applications, and neither I nor Murrelektronik, Inc. has any obligation to the other except those set forth in this Assignment. The parties can modify this Assignment only in a writing signed by both parties that refers to this Assignment. The parties have jointly written, negotiated, and executed this Assignment in Georgia and therefore intend that it not be interpreted against the party originating or preparing it. This Assignment shall be interpreted and enforced under the laws of the State of Georgia without giving effect to its conflicts of law principles.

IN WITNESS WHEREOF, I have executed this Assignment this 14 day of February, 2017.
