## ASSIGNMENT

WHEREAS, I

**David ASH**, whose full post office address is 3637 Cedar Crescent, Vancouver, British Columbia, V6J 2R7, Canada;

(a) (hereinafter the "ASSIGNOR"),

is the inventor of the invention or inventions entitled **RETAINING WALL COUNTERFORT AND RETAINING WALL SYSTEM** (hereinafter the "Invention"), described in the following application:

U.S. Application No. 15/719,025, filed on September 28, 2017

WHEREAS, **NORTHERN STRESSWALL CANADA LTD.** (hereinafter referred to as "ASSIGNEE") having a place of business at 400-1681 Chestnut Street, Vancouver, British Columbia, V6J 4M6, Canada, is desirous of acquiring and having assigned to it my full right, title and interest in and to the Invention and in and to any Letters Patent that may be granted therefor in any and all countries and jurisdictions; and

WHEREAS, I have agreed to make such assignment;

NOW, THEREFORE, in consideration of the foregoing premises, and of the sum of one dollar (\$1.00) and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, hereby sell, assign and transfer absolutely to the ASSIGNEE my full and exclusive right, title and interest in and to: (a) the Invention worldwide; (b) any and all patent applications for the Invention in all countries and jurisdictions and under all conventions and treaties, including the right to claim for any and all applications any priority rights to which such applications are entitled under conventions, treaties or otherwise, and all divisions, extensions, continuations, continuations-in-part, provisionals, non-provisionals, substitutions and renewals thereof; (c) all Letters Patent which may be granted therefor in any and all countries and jurisdictions, and any renewals, reissues, re-examinations or extensions of the Letters Patent, and (d) the exclusive right to bring or participate in any proceeding for past infringement or any other actionable right under all of the foregoing and to receive all remedies that arise therefrom, to the end of the term for which the Letters Patent may be granted, as fully and entirely as the same would have been held by me had this Assignment not been made.

I represent that, other than by way of this Assignment, I have not assigned, licensed or otherwise encumbered any right, title or interest in or to the Invention.

In addition, I hereby authorize and request the patent offices in all countries and jurisdictions to issue any and all of the Letters Patent, when granted, to the ASSIGNEE.

Further, I agree that I will communicate to the ASSIGNEE or its representatives any facts known to us respecting the Invention, and testify in any legal proceeding, sign all lawful papers, execute all papers relating to all patent applications including all divisionals, continuations, continuations-in-part, extensions, renewals, provisionals, non-provisionals or substitutes thereof, and the Letters Patent including any renewal, re-examination, extension and reissue thereof, execute all necessary assignment papers to cause any and all of the Letters Patent to be issued to the ASSIGNEE, make all rightful oaths, and, generally do everything possible to aid the ASSIGNEE, its successors and assigns, to obtain and enforce proper protection for the Invention in any and all countries and jurisdictions.

The undersigned hereby authorizes the firm of **Borden Ladner Gervais LLP** to correct errors in this assignment or to insert any further identification or other information necessary or desirable to make this Assignment suitable for recordal throughout the world.

IN WITNESS whereof the Assignor has executed this Assignment

at Vancouver, this 2 day of November, 2017

INVENTOR:

David ASH

WITNESS FOR David ASH:

On this 2 day of November, 2017, before me personally appeared the above named David ASH, to me known and known by me to be the person described in and who executed the forgoing instrument, and acknowledge the same to be their own free act and deed.
