ASSIGNMENT

(Attorney Ref.: 081-0082-01/PR16-03)

Inventor: **Kerry Joseph NAGEL**

Application No.: 15/808,996

Filing Date: November 10, 2017

Title: **METHOD AND APPARATUS FOR MAGNETIC DEVICE ALIGNMENT ON AN INTEGRATED CIRCUIT**

I, the undersigned inventor(s) (hereinafter referred to Assignor(s)), for good and valuable considerations in hand paid, the receipt and sufficiency whereof are hereby acknowledged, hereby assign to:

Everspin Technologies, Inc.

(1347 North Alma School Road, Suite 220, Chandler, Arizona 85224) (hereinafter referred to as Assignee), and its successors and assigns, and said Assignee hereby accepts the assignment from the Assignor(s) without any restriction and with all rights and obligations derived therefrom, the entire right, title and interest in: (i) the above-referenced patent application, and (ii) the inventions and/or improvements disclosed and/or claimed in the above-referenced patent application, and (iii) any and all other patent applications of the United States and foreign countries which claim priority to the above-referenced patent application and/or which may be filed, either solely or jointly with others, on the inventions and/or improvements disclosed and/or claimed in the above-referenced patent application, and (iv) any and all patents of the United States and foreign countries which may be obtained on any of the aforementioned applications, and (v) any reissue, reexamination or extension of such aforementioned patents, and further assign to said Assignee the priority right provided by the International Convention.

I, the undersigned, hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patents to said Assignee, its successors and assigns, in accordance with the terms of this Assignment.

I, the undersigned, hereby authorize and request the Assignee to insert in this instrument the filing date and application number of the application when ascertained.

I, the undersigned, warrant that there are no outstanding prior assignments, licenses, or other encumbrances on the interests herein assigned, other than those assignments, licenses, or other encumbrances already assigned to **Everspin Technologies, Inc.**

I, the undersigned, for said considerations hereby agree, upon the request and at the expense of said Assignee, its successors and assigns, to execute any and all divisional, continuation and substitute applications for said inventions and/or improvements, and any necessary oath, affidavit or declaration relating thereto, and any application for the reissue, reexamination or extension of any patents that may be granted on said application and any and all applications and other documents for patents in foreign countries on said inventions and/or improvements, that said Assignee, its successors or assigns may deem necessary or expedient, and for the said considerations the undersigned authorize said Assignee to apply for patents for said inventions and/or improvements in its own name in such countries where such procedure is proper and further agree, upon the request of said Assignee, its successors and assigns, to cooperate to the best of the ability of the undersigned with said Assignee, its successors and assigns, in any proceedings or transactions involving such applications or patents, including the preparation and execution of preliminary statements, giving and producing evidence, and performing any and all other acts necessary to obtain said patents, both United States and foreign, and vest all rights therein hereby conveyed in the Assignee, its successors and assigns, whereby all said patents will be held and enjoyed by the said Assignee, its successors and assigns, to the full end of the term for which said patents will be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.
