PATENT ASSIGNMENT

This PATENT ASSIGNMENT (this "Assignment"), effective as of November 8, 2017 (the "Effective Date") is made by and between:

Hargis Industries, LP, a Texas limited partnership, having its principal office at 6357 Reynolds Rd., Tyler, TX 75708 ("Assignor"), and

The Hillman Group, Inc., a Delaware corporation, having its principal offices at 10590 Hamilton Ave., Cincinnati, OH 45231 ("Assignee"), referred to herein collectively as the Parties.

WHEREAS, Assignor holds all legal right, title and interest in and to patents (the "Patents"), shown in Exhibit A hereto.

WHEREAS, pursuant to an Asset Purchase Agreement between Assignor and Assignee, among other parties, dated as of the Effective Date, Assignor has agreed to transfer to Assignee all of its legal interest in and to the Patents.

WHEREAS, Assignee desires to accept from the Assignor the assignment and transfer of all of such Assignor's legal interest in and to the Patents.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

1. Assignor does hereby assign and transfer to the Assignee, its successors and assigns, and the Assignee hereby accepts the transfer and assignment of, any and all of the Assignor's legal interest in and to the Patents including, without limitation, all right to file any provisional, non-provisional, division, continuation or continuation-in-part patent applications covering the Patents, re-examinations thereof and the inventions therein disclosed, and any patent or patents that may be issued or reissued thereon, and Assignor hereby authorizes and requests the Commissioner for Patents to issue any letters patents thereon and reissues thereof unto Assignee, its successors and assigns, and Assignor hereby authorizes Assignee, its successors and assigns, to file in its own name applications for patents in the United States and foreign countries in connection with the inventions hereby transferred and to secure in its own name the patent or patents issued thereon, together with all claims for damages by reason of past, present, and future infringement of the rights assigned under this Patent Assignment, with the right to sue for and collect the same, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the Assignor if this Assignment had not been made..

2. Assignor agrees promptly upon request of Assignee, its successor or assigns, to execute and deliver without further compensation any additional papers as may be reasonably necessary to record and fully effect the transfer of patent rights made herein in the United States or any foreign country.
