ASSIGNMENT FOR PATENTS, INDUSTRIAL MODEL AND DESIGN

Be it known that I/we, the undersigned, as inventor(s) of the subject matter contained in the patent/utility model/design application entitled:

"NEW CELL PREPARATIONS FOR EXTEMPORANEOUS USE, USEFUL FOR HEALING AND REJUVENATION *IN VIVO*"

as filed at the European Patent Office as receiving office on August 21st, 2007 under serial number PCT/EP2007/058695

(the "Invention"),

do hereby state that any and all rights arising from the Invention specified herein lawfully belong to, and to the extent not previously done so by any prior assignment by me/us or operation of law, I/we do hereby sell, assign and transfer, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the full and exclusive worldwide right, title and interest in and to the Invention and any improvement thereof, including the right to sue and collect for past, present and future infringement, the right to make Corresponding Application(s) and obtain patents or like forms of protection for the Invention in any country or territory of the world together with the right to claim priority of the Application under the International Convention or any other patent treaty, law or convention, unto, Applicant:

Turzi Antoine,
Rue de l'Eglise 5
CH-1146 Mollens
Switzerland

and its successors and assigns.

I/we further state and declare that the Applicant is fully entitled to: (a) make the patent/utility model/design application in its own name at the time of its filing; and (b) use, make profit, assign or dispose of the Invention without necessity of any ratification, consent, endorsement on my/our part.

The applicant hereby accepts all that is transferred to it under this Assignment;

All of the above is true notwithstanding the insertion of my/our name(s) in any document related to such Invention; provided, however, that without any prejudice to the statements made herein, I/we, the inventor(s), wish to be mentioned and identified as the inventor(s) in any corresponding patent/utility model/design registration(s).
